Good afternoon AD (b)(6),(b)(7)(C)

Per discussion with CoS (b)(6),(b)(7)(C) I understand you may be already working on an S1 memo (please see my version attached).

If this is the case, may I request one of the following:

- 1) Would you kindly share with me what you have already provided so I may add it to mine?
- 2) Would you be so kind as to review my version?

Thank you!

I talked to the main vendors (MTC, LaSalle, Corecivic, GEO, and BOP). They can't guarantee dates because there are so many variables like finalizing the awards, equipment availability, facility prep, and staffing. But they are going to expedite their processes and we'll do the same. They are committed to moving actions as fast as possible.

Office of Acquisition Management (OAQ)/Quality Assurance Division (QAD)

Cell: (771) 216 (b)(6),(b)(7)(C)

Contract Number: 70CDCR25D00000012

Description of Requirement: This letter contract establishes an Undefined Contract Action (UCA) for comprehensive detention services at the Big Horn Correctional Facility (previously Hudson Correctional Facility), and requisite staffing to provide comprehensive detention services in a manner that provides for the health, safety, and security of aliens in ICE custody. Big Horn is a contractor-owned/contractor-operated detention facility that will house aliens on a 24 hours per day, 7 days per week, 365 days per year basis. The facility will house males and females of all security levels in accordance with the National Detention Standards (NDS). After award of the letter contract, the Contracting Officer will begin promptly negotiating with the Contractor the terms of an Indefinite Delivery Indefinite Quantity (IDIQ) contract with subsequent task orders.

Total Contract Value: \$ 39,042,069.00

Total Action Obligation Value: \$0; Funding of (b)(4) will be at the task order level.

Period of Performance: This letter contract will have a six-month period of performance with no options.

The anticipated total period of performance (PoP) inclusive of options will be three years. Options will only be exercised at the needs and discretion of the Government.

Period of Performance	Dates
Base Period (6 months)	04/22/2025 – 10/21/2025

Proposals/Offerors Received:

No proposals were received yet as this is an UCA.

Determination of Price Reasonableness:

1. Sole-Source
2. Open Market

This is an Undefined Contract Action (UCA) for comprehensive detention services in accordance with Federal Acquisition Regulation (FAR) Subpart 16.603. The total evaluated price includes the entire six-month period of performance with no stated option periods. As documented in the attached Justification for Other than Full and Open Competition, the contracting officer determined that the anticipated price will be fair and reasonable based on prior prices paid for facilities that match the location and required services. ICE Enforcement and Removal Operations (ERO) provided estimated costs for all required services. The contracting officer reviewed the government estimates against historical pricing for similar detention facilities currently under contract with ICE and worked with ERO to best estimate costs upfront before a final contract is definitized. A Detention Services Cost Statement (DSCS) will also be required of each vendor and evaluated to determine price reasonableness with the definitized contract.

Everyone-

Morning. Below is an email I sent Susan regarding status of our detention facility actions based on the information found on the sharepoint spreadsheet. First, thanks for keeping that sheet updated – I didn't need to reach out and bother anyone Friday evening to complete it. Second, please focus your efforts on awarding the actions I said might be done this week. I know West Tenn might be a stretch, since ERO is just looking at the proposal, but just press as best you can. Obviously award any other actions as well.

Please remember that there is a new notification requirement to DHS for all contracts \$100 million or more. (b)(6),(b)(7)(C) is supposed to be sending the format out today, and we must populate it and let DHS know at least 3 days in advance of award. Do NOT award any contracts \$100 million or more until we figure this process out. I doubt we have any ready to go in the next few days, but if we do, please let me know. I'm trying to get this figured out today so that the letter contracts can get on the list shortly.

Hey,

Are you able to send me something this weekend that summarizes which facilities moved forward this week and what's expected next week? This was the priority last weekend, and just want to make sure (b)(6),(b)(7)(C) has the information he needs. I just don't know who's providing what information to him – it should be ERO, but I want to make sure I can report on behalf of OAQ. Getting a sense of what may hit next week would be helpful since that will likely be the next question.

Thanks!

Status for Letter Contracts

Importance:

High

Good morning everyone,

Below is the table OAQ is tracking for letter contracts for nine facilities identified and coordinated with ERO for bed space ramp up. Here is the status:

Facility Name	AOR	State	# Beds	CO Assignment	Priority	COR	Funding
North Lake Correctional Facility	CHI	MI	(b)(6),(b)(7)(C),(b)(7)(E)		9		Funded (b)(4) on 02/06; 192125FDTNLAKEC01
California City Correctional Facility	LOS	CA			4		
Marana Correctional Facility	PHO	AZ			8		
Hudson Correctional Facility	DEN	CO			7		
Huerfano County Correctional Facility	DEN	CO			6		Funded (b)(4) on 02/06; 192125FDN3100HUE1
Rivers	WAS	NC			5		
Torrance Detention Facility	ELP	TX			2		
Cibola Detention Center	ELP	TX			3		
Midwest	CHI	KS			1		Funded (b)(4) on 02/06; 192125FCHMIDWES01.1
Totals							

(b)(5)

If any priority has changed or a facility listed above is no longer part of the plan to support bed space please let OAC know asap. We will continue to work rapidly to meet the agencies bed space requirements as defined by the program office. If you have additional questions or direction, please let Al or me know so we can adjust priorities as required.

Susan-

Awards were made this week to:

Dilley modification – changed it to families
Karnes modification – changed it to families
Corrections Center of Northwest Ohio
Butler County
Laurel County
Phelps County
Walton County

The first letter contract was sent out today for signature to CoreCivic – its for the Midwest Detention Center.

West Tennessee, Elizabeth, and Kaufmann County should all occur next week. Plus we should move out on the other letters contracts as well.

Marana and Hudson

Hello OAQ friends,

Just wanted to pass on the news that Arizona has accepted MTC's bid to buy Marana. MTC will have a draft closing agreement on Monday (b)(5)

(b)(5)

I'd like to resume the letter contract process with them when it's appropriate.

Also – just wanted to check on where we were with Hudson, but that is a Monday question, not a Friday question.

Thanks for everything. I know you have all been working way too hard supporting ERO. It is much appreciated.

Hello.

Verifying this info with the team, but I did run it past (b)(6),(b)(7)(C) real quick, and she thinks this looks right. I pulled all this info out of RHCAST, painstakingly (also pulled elements from PRISM and OPTIC).

(b)(6),(b)(7)(C) thinks our SharePoint guy can optimize the QAD Review Request tracker in OPTIC to allow us to search for these more simply, so that I will not have to maintain this manual spreadsheet creation. Working on that.

Hey there.

Here's what we have for now, but we still need to scrub the date submitted column to be sure those are the dates we submitted to OCPO (and not the dates that people submitted the request to the QAD), and we will have to run down the drop-dead need-by dates with the COs.

Green highlights are the ones already approved.

**Department of Homeland Security
Immigration and Customs Enforcement
Enforcement and Removal Operations**

Detention Services for Aliens in DHS Custody

Statement of Objectives

1. Introduction

The United States (U.S.) Department of Homeland Security (DHS), U.S. Immigration and Customs Enforcement (ICE) requires a physical detention facility and requisite staffing to provide comprehensive detention services in a manner that provides for the health, safety, and security of aliens in ICE custody. The facility shall be located within appropriate proximity and access to emergency services (medical, fire protection, law enforcement, etc.) and access to airport services for transportation requirements.

NOTE: There shall be no public disclosure regarding the contract made by the contractor (or any subcontractors) without review and approval of such disclosure by ICE Public Affairs. The government considers such information privileged or confidential.

2. Background

ICE is responsible for the detention, health, welfare, transportation, and deportation of aliens in removal proceedings, and those subject to a final order of removal from the United States.

The mission of ICE's Enforcement and Removal Operations (ERO) is to identify, arrest, and remove aliens who present a danger to national security or are a risk to public safety, as well as those who enter the U.S. illegally or otherwise undermine the integrity of immigration laws and border control efforts.

In implementing its mission, ERO is responsible for carrying out all orders for the securing and departure activities of aliens who are designated in removal proceedings and for arranging for the detention of aliens when such becomes necessary and prescribed by law.

3. Scope of Work

A contractor-owned/contractor-operated detention facility to house aliens on a 24 hours per day, 7 days per week, 365 days per year basis. The facility shall house males and females of all security levels.

Detention services shall be performed in accordance with the most current version of the National Detention Standards (NDS) 2019. The current version is available at www.ice.gov/detain/detention-management/2019.

NOTE: The contractor shall also abide by the March 7, 2014, DHS regulation Prison Rape Elimination Act of 2003 (PREA; P.L. 108-79), *Standards to Prevent, Detect, and Respond to Sexual Abuse and Assault in Confinement Facilities* (DHS PREA Standards) available at <https://www.gpo.gov/fdsys/pkg/FR-2014-03-07/pdf/2014-04675.pdf>.

The contractor shall be responsible for obtaining and maintaining American Correctional Association (ACA) Adult Local Detention Facility (ALDF) accreditation. Conformance with the ACA ALDF Standards is required on the first day of contract performance and accreditation shall be obtained within 18 months from contract award. If the facility is already accredited, reaccreditation shall occur as required by the ACA.

The detention facility shall provide safe and secure conditions of confinement based on the characteristics of a varied population, including threat to the community, risk of flight, type and status of immigration proceeding, community ties, medical and mental health issues. The detention center shall provide access to legal services; natural light; indoor and outdoor recreation that allows for exercise; private showers and restrooms (where practicable); cafeteria style meal service; contact visitation including special arrangements for visiting families; private areas for attorney-client visits with video conferencing capabilities; controlled freedom of movement (the manner and degree of implementation may vary based on security levels); law library and legal resources; and programming, including religious services and social programs (as practicable) and space for religious services. The facility will provide administrative areas for ICE and a courtroom (virtual or in person as directed by the CO and COR).

The contractor shall furnish all personnel, management, equipment, supplies, training, certification, accreditation, and services necessary for performance of all aspects of the contract. Unless explicitly stated otherwise, the contractor is responsible for all costs associated with and incurred as part of providing the services outlined in the contract.

The contractor will provide for the secure custody, care, and safekeeping of aliens in accordance with state and local laws, standards, policies, procedures for firearms requirements, or court orders applicable to the operations of the facility.

The contractor shall enforce disciplinary actions against any alien who is not in compliance with the rules and procedures of the facility in accordance with ICE NDS 2019 and applicable ICE policy.

In cases where there is a conflict in requirements, the most stringent shall apply. If the contractor is unable to determine which standard is more stringent, the COR shall determine the appropriate requirement.

The COR does not have the authority to modify the stated terms of the contract or approve any action that would result in additional charges to the government beyond what is stated in the contract line-item number schedule. The CO shall make all modifications in writing.

The contractor does not have a right of refusal and shall take all referrals from ICE. Exceptions may be allowed as determined by the COR or ACOR. For example: any alien found to have a medical condition that requires medical care beyond the scope of the contractor's health care provider. In the case of an alien already at the facility, the contractor shall notify ICE and request transfer of the alien from the facility. The contractor shall permit ICE reasonable time to make alternative arrangements for the alien.

DHS, ICE, federal entities, and third-party inspectors will conduct audits and inspections to assess contract performance to ensure compliance with ICE standards. Inspectors shall have full unfettered access to the facility and for/in all areas of performance. The contractor shall provide full and complete cooperation for all requests related to detention oversight or investigation.

Aliens are classified as High (Level 3), Medium-High (Level 2), Medium-Low (Level 1.5) or Low-Risk (Level 1). Upon discovery that an alien may be a juvenile, the contractor shall immediately notify the COR or ACOR and follow the instructions provided.

The contractor shall not house any non-ICE population at the facility without the expressed prior written approval of the CO.

4. Facility

Throughout the term of the contract, the contractor shall maintain current permits/business licenses and make copies available for government inspection. The contractor shall comply with all applicable federal, state, and local laws and regulations, and all applicable Occupational Safety and Health Administration (OSHA) standards.

ICE will review and approve all design documents and conduct final inspections of the facility before occupancy.

The facility shall provide administrative and support space for ICE staff as well as parking spaces sufficient for ICE employees, facility staff and visitors.

The contractor should have the ability to provide sufficient electricity and supply clean drinking water into the facility and manage timely and safe removal of waste and garbage. The facility shall maintain an emergency response plan to ensure continued operations when faced with power outages and other unexpected events.

The facility should have internet infrastructure (wired and/or wireless network access).

5. Statement of Objectives

The contractor(s) will provide comprehensive detention services, from detainee intake to transfer or removal, including a safe and secure environment and the provision of care and services required under ICE's detention standards. While performing the required services, the contractor should use culturally competent techniques and methods to interact with aliens.

There are nine objectives the successful contractor is responsible for:

- OBJECTIVE I: PROVIDE FOR FACILITY SECURITY
- OBJECTIVE II: PROVIDE FOR THE SAFETY OF STAFF DETAINED ALIENS
- OBJECTIVE III: PROVIDE AN ORDERLY ENVIRONMENT
- OBJECTIVE IV: PROVIDE ADEQUATE CARE TO DETAINED ALIEN
- OBJECTIVE V: PROVIDE RESOURCES AND ACTIVITIES FOR DETAINED ALIENS
- OBJECTIVE VI: PROVIDE ACCESS TO LEGAL RESOURCES
- OBJECTIVE VII: EFFECTIVELY ADMINISTER AND MANAGE DETAINEE RECORDS
- OBJECTIVE VIII: PROVIDE EFFECTIVE COMMUNICATION WITH DETAINEES AND WITH ICE
- OBJECTIVE IX: PROVIDE CASE MANAGEMENT SUPPORT FOR ERO OFFICERS

6. Recommendations for Success

As the population supported under the contract will be foreign born, the contractor must have access to a large pool of bilingual candidates in order to meet the goals of the contract. The use of translation and interpretation services is required to ensure effective communication with the detained population.

7. Specific Objectives and Expected Outcomes

In developing the Performance Work Statement (PWS), the contractor must address the following objectives and expected outcomes.

- a. Objective 1: Provide for facility security
 - i. Expected Outcome 1A: The contractor shall have policies and procedures in place to provide a secure environment and orderly operations. This includes ensuring the following:
 - Separate and secure space for facility intake and out-processing to include storage and management of personal property,
 - Classification of detained aliens and placement in housing appropriate to assessed risk level,
 - Secured and controlled storage of alien funds and personal property,
 - Proper searches of detained aliens,

- Guidelines and reporting of uses of force and restraints, and
- Housing separate from general population for administrative and disciplinary segregation purposes.

b. Objective 2: Provide for the safety of staff and detained aliens

- Expected Outcome 2A: The contractor will ensure policies and procedures are in place to ensure the physical safety of staff and detained aliens. This includes maintaining high standards of cleanliness and sanitation, safe work practices, and control of hazardous substances and equipment.
- Expected Outcome 2B: The contractor shall provide all ground transportation services as may be required to transport aliens securely, in a timely manner, to locations as directed by the COR or designated ICE official, including transportation to various appointments. The contractor shall provide on call guard services as requested by the COR or ICE-designated official and shall include, but is not limited to, escorting and guarding aliens for medical or doctor appointments; hospitalizations; hearings; ICE interviews; and any other off-site location requested by the COR or designated ICE official.

c. Objective 3: Provide an orderly environment

- Expected Outcome 3A: The contractor shall enforce disciplinary actions against any alien who is not in compliance with the rules and procedures of the facility in accordance with applicable ICE NDS 2019 and applicable ICE policy.

d. Objective 4: Provide adequate care to detained aliens

- Expected Outcome 4A: The contractor shall provide health services for the detained population. This includes medical staffing, as well as the structure and equipment to assess, triage, and provide basic and intermediate medical and mental health care. The contractor must also ensure local access to general acute hospital care (to include an emergency room, surgical and mental health services), and access to public and commercial transportation routes and services. The contractor shall also develop and implement written policies and procedures that define emergency health care evacuation of aliens from the facility.
- Expected Outcome 4B: The contractor shall have the ability to manage a quality food service program, either by preparing meals onsite or having a process to provide offsite catering for onsite meal service.
- Expected Outcome 4C: The contractor shall ensure availability of personal hygiene fixtures meeting the following (minimum) ratios:

Males	Females
- Male – Toilets 1 per 12 male occupants, ½ can be urinals - Male – Washbasins (sinks) 1 per 12 occupants	The only distinction between males and females is for toilets – 1 per 8 occupants

○ Male – Showers 1 per 12 occupants ○ Included within these ratios, should be 1 toilet, 1 washbasin, and 1 shower that are installed via the Architectural Barriers Act	
--	--

- iv. Expected Outcome 4D: The contractor shall have the ability to regularly issue and exchange clothing, bedding, linens, and towels.
- v. Expected Outcome 4E: The contractor shall have the ability to address and manage suicidal detainees and detainees at risk of self-harm.
- vi. Expected Outcome 4F: Pursuant applicable federal and state law, the contractor shall have the ability to provide detainees with disabilities with accommodations, auxiliary aids, and modifications to policies, practices, and/or procedures to allow them an equal opportunity to access, participate in, or benefit from detention programs, services, and activities. Under federal and state law, the contractor must also provide detainees with disabilities with effective communication, which may include the provision of auxiliary aids, such as readers, materials in Braille, audio recordings, telephone handset amplifiers, sign language interpreters, videophones, telephones compatible with hearing aids, telecommunications devices (TTYs), and note-takers, as needed.

The contractor must consider and respond to detainees’ formal and informal requests for disability-related aids, modifications, and accommodations.

ICE can assist in procuring disability-related services, aids, and accommodations.

e. Objective 5: Provide resources and activities for detained aliens

- i. Expected Outcome 5A: The contractor must be able to provide designated space to allow for general visitation between authorized persons and detainees within security and operational constraints.
- ii. Expected Outcome 5B: The contractor must be able to provide a designated private consultation room(s) to allow detainees to meet privately with their current or prospective legal representative(s) and with their consular officials. Availability for legal visitation shall be permitted for a minimum of eight hours per day on regular business days, and a minimum of four hours per day on weekends and holidays.
- iii. Expected Outcome 5C: The contractor shall ensure that there is sufficient outdoor recreation space to meet NDS requirements.
- iv. Expected Outcome 5D: The contractor must be able to provide detainees with reasonable and equitable access to telephones. The facility must provide at least one operable telephone for every twenty-five detainees to ensure sufficient access.

f. Objective 6: Provide access to legal resources

- i. Expected Outcome 6A: The contractor must be able to provide a designated room or a suitable area for a law library. The area or room will have sufficient space and resources to facilitate detainees’ legal research and writing and will have access to

legal materials and equipment (including access to a computer, ability to print, ability to photocopy, paper and writing instruments).

The contractor must also be able to provide a designated multi-purpose space furnished with tables and chairs that can accommodate group legal orientation presentations. The space shall also be equipped with telephones with speakers and/or headsets, audio-visual equipment for presentations, and video-conferencing capability for virtual presentations.

- g. Objective 7: Effectively administer and manage detainee records
 - i. Expected Outcome 7A: All alien files are to be prepared, maintained, retired, and disposed of in accordance with ICE policy and National Archives and Records Administration requirements. Policy and procedures shall be developed to ensure the confidentiality and security of all alien files. The contractor shall be responsible for alien record keeping services and personal property.

The contractor shall safeguard all records related to the operation of the facility.

- h. Objective 8: Provide effective communication with detainees and with ICE
 - i. Expected Outcome 8A: The contractor is responsible for providing meaningful access (i.e., accurate, timely, and effective communication at no cost to the alien) to all facility programs and services for individuals with limited English proficiency.
- i. Objective 9: Provide contract detention processing support for ERO Officers
 - i. Expected Outcome 9A: The contractor shall provide Contract Detention Processing Officers (CDPOs) to assist ERO officers and other detention facility staff in maintaining a safe detention environment and supporting case management and removal processing. CDPOs are also a resource to aliens in ICE custody, providing information on issues that commonly affect the ICE detainee population.

Hi Al,

I believe there are 4 requests over \$25M that are still sitting at DHS. Just want to confirm the 4th because I'm tracking West TN, Big Horn, and I think Batavia is still with them (and looks like we need that one by the 30th?). Just want to make sure I have the latest list.

Thanks!

Susan

Not as important, but he kept asking how much has been spent on each letter contract. If possible, maybe know what the NTE value of each letter contract is, confirm how much was obligated, and then see if any invoices have been submitted...not sure if any have. Less important obviously. But maybe worth doing.

RE: Letter Contract Status

Hi (b)(6),(b)(7)(C)

Here is the status for the facilities you inquired about below:

Bucks – Solicitation sent to country with 2/26/2025 response deadline. OAQ followed up with the vendor on 2/27/2025. OAQ will follow up again this week.

D. Ray – (b)(5)

(b)(5) ERO is reviewing current proposal.

Dilley – In negotiations. Modification is with county for signature as of 2/27/2025. Expect signed modification on 3/5/2025.

Dalby – Solicitation is currently being reviewed by the section chief.

West Tenn. – Received full proposal from vendor on 2/27/2025. ERO received proposal for review on 2/28/2025.

Hillsborough – This facility was not identified until receiving the ERO bad space ramp up to OAQ until 2/27/2025. Will discuss with ERO on steps going forward.

Mahoning – Awarded 2/28/2025

Awarding letter contracts will not affect any other procurement requirement supporting overall detention requirements. If you have additional questions or concerns, please let me know.

Everyone-

Morning. Below is an email I sent Susan regarding status of our detention facility actions based on the information found on the sharepoint spreadsheet. First, thanks for keeping that sheet updated – I didn't need to reach out and bother anyone Friday evening to complete it. Second, please focus your efforts on awarding the actions I said might be done this week. (b)(5)

(b)(5) Obviously award any other actions as well.

Please remember that there is a new notification requirement to DHS for all contracts \$100 million or more. (b)(6),(b)(7)(C) is supposed to be sending the format out today, and we must populate it and let DHS know at least 3 days in advance of award. Do NOT award any contracts \$100 million or more until we figure this process out. I doubt we have any ready to go in the next few days, but if we do, please let me know. I'm trying to get this figured out today so that the letter contracts can get on the list shortly.

Hello (b)(6),(b)(7)(C)

The team and I, have been conducting site visits this week and actually just finished a site visit at Hudson. We will be putting together a summary of our notes and should have it together and sent over next week. For

awareness we visited Huerfano, Cheyenne Mountain, and Hudson. As of this moment no decision made as we will need to discuss with the Denver FOD once we prepare and prior to sending our summaries over. Appreciate your time.

Thank you,

Afternoon, (b)(6),(b)(7)(C)

Hope you're well. I'm the CO assigned to assist with Denver AOR facilities; I know we were considering Huerfano and Hudson over the last couple of weeks.

Has your team come to any conclusions on a path forward based on the RFI responses and site visits?

Thanks.

Hello OAQ friends,
Just wanted to pass on the news that Arizona has accepted MTC's bid to buy Marana. MTC will have a draft closing agreement on Monday (b)(5)

I'd like to resume the letter contract process with them when it's appropriate.

Also – just wanted to check on where we were with Hudson, but that is a Monday question, not a Friday question.

Thanks for everything. I know you have all been working way too hard supporting ERO. It is much appreciated.

OCPO informed me this morning that DOGE plans to look at the outstanding awards for ICE today (we hope). In case, they do approve to move forward, OCPO needs a mission impact for the following awards:

- West Tennessee Detention Center (Town of Mason) IGSA
- Big Horn Correctional Facility IDIQ
- Buffalo (Batavia)

Please provide that to me today.

Two Additions this week. Termination for junk cars for OFTP training and termination for MITRE information Governance and Privacy program coming from this week’s DOGE request received via OCPO.

I’ve also started blind copying (so you won’t receive any questions) the UC’s who have items still in review on the list.

Al,

I want to confirm what is need for the Friday meeting.

1. Noting else needed for Batavia, Richwood nor Big Horn and West Tennessee
2. (b)(5)
3. (b)(5)
4. California city and North Lake – create spreadsheet with the following information:

Number of Beds
Bed rate
Surge Rate
Tier rate
Monthly rate of what?
Start up cost
One time cost
Cancelation terms – number of days for notification
Blurb on savings – how we got a good deal

(b)(5)

I think we have most of this information since we provided it before, but we will redo for this spreadsheet.

DETENTION FACILITIES AND SERVICES
IN RESPONSE TO THE PRESIDENTIALLY DECLARED NATIONAL EMERGENCY AT THE SOUTHERN BORDER

In accordance with the Homeland Security Acquisition Manual (HSAM) 3010.001(f), requirement-specific market research efforts and results are required prior to issuance of the solicitation and shall be clearly documented and included in the contract file. A market research report is required for contract actions awarded above the simplified acquisition threshold (SAT).

Title of Requirement	Alien detention, transportation, and medical services for the Denver Area of Responsibility (AOR)
Description of Product/Service	The United States (U.S.) Department of Homeland Security (DHS), U.S. Immigration and Customs Enforcement (ICE) requires a physical detention facility and requisite staffing to provide comprehensive detention services in a manner that provides for the health, safety, and security of aliens in ICE custody. The facility shall be located within appropriate proximity and access to emergency services (medical, fire protection, law enforcement, etc.) and access to airport services for transportation requirements
Requisitioner/COR/PM	(b)(6),(b)(7)(C) COR
Requesting Office	ICE Enforcement and Removal Operations (ERO) Denver Field Office
Contracting Officer	(b)(6),(b)(7)(C)
Contract Specialist	(b)(6),(b)(7)(C)
Contract Vehicle and Type	Indefinite Delivery Indefinite Quantity (IDIQ) – Hybrid Fixed Unit Price and Time and Material
Estimated Contract Value [Base and Options]	(b)(4),(b)(5)
Period of Performance [Base and Options]	Two-year ordering period.
Dates of Market Research: [E.g. March – June of 2024]	ICE ERO and OAQ conducts continuous market research of the detention industry and marketplace across the country.

SECTION A

1. Will this requirement be a sole source? Yes ☒ No ☐
 - a. If “Yes”, include the class Justification and Approval (J&A) approved by OCPO on and skip to “Signatures” section.

J&A-20-0057
 - b. If “No”, complete Section B.
2. **DHS Strategic Sourcing Vehicles:** This requirement is for detention center services and facilities located throughout the continental United States. These services are outside the scope of the DHS Strategic Sourcing Vehicles (SSVs). As such, neither a SSV waiver nor exception would apply to this requirement. Contractors will be solicited from the open market.
3. **Small Business:** Based on previous market research and historical contract data (going back 10 years), no small business has ever been able to meet the requirement of providing detention facilities and related services in accordance with the requirements of the Performance Work Statement. There are very few companies who provide detention related services in the continental United States. These are all “other than small” businesses.
4. **Acquisition Plan (AP) and Acquisition Planning Forecast System (APFS):** This action is being awarded in response to a National Emergency declared by the President on January 20, 2025. As such, an Acquisition Plan is not being completed for this action in accordance with the HSAM Exception at 3007.102(f)(5). Written APs are not required for Emergency Acquisitions. An acquisition is considered an emergency acquisition when the need for the supplies/services is of such unusual and compelling urgency that the Government would be seriously injured if the supplies/services were not immediately acquired.

DETENTION FACILITIES AND SERVICES
IN RESPONSE TO THE PRESIDENTIALLY DECLARED NATIONAL EMERGENCY AT THE SOUTHERN BORDER

The DHS HSAM requirement of an APFS record (HSAM 3007.172) has been suspended under HSAM Class Deviation 25-02 for all actions awarded in response to the emergency that exists at the southern border per the declaration issued by the President on January 20, 2025.
