Upon reading and filing the annexed affirmation of CHRISTINA L. HOGGAN, Esq., dated October 18, 2012; the affirmation of New York City Police Department Lieutenant Robert Corbett, dated October 17, 2012; the affirmation pursuant to Rule 202.7(f) dated October 17, 2012; together with the Exhibits, Summons and Verified Complaint, verified by Gabriel Taussig, Esq. on October 17, 2012,

LET the defendants or their attorneys ^{appear and} Show Cause before this Court at I.A.S. Part 62 Room 122, to be held at the Courthouse, located at 60 Centre Street, New York County, City and State of New York, on the 22^d day of October, 2012, at 9:30AM o'clock in the forenoon of that day or as soon thereafter as the parties can be heard,

Why an order should not be made pursuant to § 10-110 of the New York City Administrative Code ("Administrative Code"), Title 38 of the Rules of the City of New York

("RCNY") Section 19-05, and § 6301 and § 6311 of the Civil Practice Law and Rules ("CPLR"):

A. Enjoining the defendants, their agents, employees and/or representatives, and any and all persons who have registered with defendants via the registration procedures available at www.broadwaybomb.com, facebook, or elsewhere, or who are present with their skateboards or longboards at the designated starting point for the Broadway Bomb race (116th Street and Broadway) at the designated starting time of the race (noon) on October 20, 2012, or any other location, from participating in the planned and unpermitted Broadway Bomb race, or any other similar unpermitted event;

**AFFIRMATION OF
CHRISTINA L. HOGGAN IN
SUPPORT OF PLAINTIFFS'
MOTION FOR A
PRELIMINARY
INJUNCTION**

Index No. 402207/12

x

CHRISTINA L. HOGGAN, an attorney admitted to practice in the courts of the State of New York, affirms the following to be true under the penalties of perjury, pursuant to CPLR 2106:

1. I am an Assistant Corporation Counsel in the office of MICHAEL A. CARDOZO, Corporation Counsel of the City of New York, attorney for the plaintiffs herein. I make this affirmation based upon my review of records maintained by, and information obtained from, various departments of the City of New York and from statements made to me by officers or agents of the City of New York.

2. I submit this affirmation in support of the plaintiffs' motion for a preliminary injunction: 1) enjoining the defendants, their agents, employees and/or representatives, from organizing, promoting or otherwise participating in an event involving the racing or riding skateboards on any public street in violation of New York City Administrative Code ("Administrative Code") §10-110, including the Broadway Bomb race and flash mob scheduled for October 20, 2012, without first obtaining a parade permit from the New York City

Police Department (“Police Department”) and paying the Police Department the requisite non-charitable athletic parade fee pursuant to Title 38, Rules of the City of New York (“RCNY”) Section 19-05; and 2) requiring defendants to notify the registered participants, via social media, that the Broadway Bomb race and flash mob will not occur on October 20, 2012.

3. As set forth in the verified complaint, the Broadway Bomb is a race which requires a permit from the Police Department pursuant to Administrative Code §10-110 and the payment of a non-charitable athletic parade fee in accordance with 38 RCNY §19-05. A copy of the verified complaint is attached hereto as Exhibit “A.” Despite the need for them to do so, no one has applied to the Police Department for a permit, or paid the Police Department a non-charitable athletic parade fee, for any past or planned Brooklyn Bomb race.

4. The Court is referred to the accompanying Affirmation of Police Department LIEUTENANT ROBERT CORBETT (“Corbett Affirmation”), which describe the impact of the Broadway Bomb race.

STATEMENT OF FACTS

5. The Broadway Bomb race has been taking place in New York City since 2000. At its inception, the race was relatively small in scale, consisting of approximately 14 people. However, this year, the race, which is scheduled for October 20, 2012, at 12:00 p.m., has increased in size to 1,782 registered racers.¹ In the course of the Broadway Bomb participants race longboards (which are longer variants of a skateboard) in traffic for 7.9 miles from 116th

¹ In addition to the registered participants, the Broadway Bomb 2012 Facebook page presently reflects that 1,813 people have stated that they are going to attend the race. Corbett Affirmation, n.3.

Street to the Wall Street Bull located at 1 Bowling Green via Broadway. Corbett Affirmation, ¶4.

6. On October 17, 2012, at approximately 11:15a.m., pursuant to Rule 202.7(f), I notified defendants that plaintiffs would be seeking an order staying the Broadway Bomb race which is scheduled to take place on October 20, 2012. Thereafter, at approximately 4:30p.m. I received a voicemail from a Mr. Ronald Lueddeke who identified himself as counsel for Mr. Nichols. Upon returning Mr. Lueddeke's call and speaking with him, and searching the New York State Unified Court System attorney databank, it became apparent that Mr. Lueddeke is not licensed to practice law in the state of New York. Accordingly, I questioned Mr. Lueddeke as to his identity. Mr. Lueddeke stated, in sum and substance, that he was an attorney in New Jersey and had not been retained by Mr. Nichols, but that he was seeking information as his associate/friend. As Mr. Lueddeke was not counsel for plaintiffs, I declined to discuss the matter with him, though it was apparent from his statements and questions that he was attempting to determine how to respond to the impending Order to Show Cause and potential impact on the Broadway Bomb race. Thereafter, the following notice was posted on Broadway Bomb 2012's Facebook page,

Attention all Skaters! Ian has received a summons from the City of New York. In order to avoid being prosecuted, Ian Nichols must officially cancel the Broadway Bomb and relinquish all responsibility. However, We are going to flash mob 116th Street and Broadway at 11:50AM and Start the Race at 12:00PM exactly. Get the exact time from your cellphone. Please don't show up until 11:50AM because there may be a police presence. Please share this post with everyone in order to keep us all safe. See you there.

A copy of the Broadway Bomb 2012 Facebook printout, <http://www.facebook.com/events/175427129257452/>, is annexed hereto as Exhibit "B."

The Parade Permit Requirement

7. Individuals participating in the Broadway Bomb race violate the provisions of the New York State Vehicle and Traffic Law and the New York City Department of Transportation's Traffic Rules (i.e. RCNY Title 34, Section 4-01 et seq.). See Corbett Affirmation, ¶8.

8. Because more than 50 participants race down a public street, i.e., Broadway, on skateboards, the Broadway Bomb is a parade or procession which requires a parade permit. The term "parade or procession" is defined in 38 RCNY §19-02(a) to mean "any procession or race which consists of a recognizable group of 50 or more pedestrians, vehicles, bicycles or other devices moved by human power, or ridden or herded animals proceeding together upon any public street or roadway." The conduct of the Broadway Bomb participants fits squarely within this definition.

9. Pursuant to Administrative Code §10-110, it is unlawful to participate in a parade or procession unless the Police Commissioner has issued a permit. No parade permit has been issued by or sought from the Police Commissioner in connection with any past or planned Broadway Bomb race. See Corbett Affirmation, ¶6.

10. Moreover, pursuant to 38 RCNY §19-05, non-charitable athletic parades occurring on or after January 1, 2012 are required to pay a fee to offset the cost incurred by the City for traffic control costs, including police department personnel. No fee has been paid to the Police Department in connection with any past or planned Broadway Bomb race. See Corbett Affirmation, n.4.

11. As it is extremely difficult for the Police Department to protect public safety when large groups take to the streets for un-permitted events, the City cannot wait for this matter to be fully litigated before the race comes to a stop.

**PLAINTIFFS HAVE MET THE STANDARD
FOR GRANTING INJUNCTIVE RELIEF**

12. It is well established that a municipality seeking injunctive relief is entitled to injunctive relief upon a prima facie showing that its laws are being violated. A municipality is not required to meet the traditional three-pronged test for injunctive relief. Such relief may be granted pendente lite without a demonstration of special damages or injury to the public. The proof of the violation alone is sufficient grounds for the issuance of injunctive relief. City of New York v. Castro, 143 Misc. 2d 766, aff'd 559 N.Y.S. 2d 508 (1st Dept. 1990); City of New York v. Bilynn, 118 A.D.2d 511 (1st Dept., 1986); City of New York v. Narod Realty Corp., 122 Misc.2d 885 (Sup. Ct. Bx. Co. 1983); Incorporated Village of Freeport v. Jefferson Indoor Marina, Inc., 162 A.D.2d 434 (2d Dept. 1990); People ex rel. Bennett v. Laman, 277 N.Y. 368, 383 (1938); City of New York v. Cincotta, 133 A.D.2d 244 (2d Dept. 1987); Town of Poughkeepsie v. Hopper Plumbing & Heating Corp., 23 A.D.2d 884 (2d Dept. 1965); and City v. Capri Cinema, 641 N.Y.S.2d 969 (Sup. Ct. New York Co. 1995).

13. As detailed above, here, there is clear and convincing evidence that participants in the Broadway Bomb race engage in conduct which requires the issuance of a permit from the Police Department and the payment of a non-charitable athletic parade fee. That the parade permit requirement applies to processions of pedestrians and vehicles has been recognized in numerous court cases. See, e.g., MacDonald v. Safir, 206 F.3d 183 (2d Cir. 2000) (recognizing applicability of parade permit requirement to pedestrian parades and marches); Irish Lesbian and Gay Org. v. Giuliani, 143 F.2d 638 (2d Cir. 1998) (same); United Yellow Cab Drivers Ass'n v. Safir, 2002 U.S. Dist. LEXIS 4866 (S.D.N.Y. 2002) (recognizing the applicability of parade permit requirement to vehicular processions). Here, there is clear and

convincing evidence that no one has ever sought to obtain the required parade permit or pay the requisite non-charitable athletic parade fee.

14. Accordingly, plaintiffs have established a prima facie case that the defendants are violating the parade permit requirements when they participate in the Broadway Bomb race. Thus, plaintiffs are entitled to a preliminary injunction prohibiting this unlawful activity.

15. Since plaintiffs have made a prima facie showing of entitlement to relief, plaintiffs are entitled to the requested injunction without a showing that they satisfy the traditional three-prong test for the grant of a preliminary injunction.

16. However, such a showing can readily be made, and plaintiffs would accordingly be entitled to the requested injunction if that standard were applicable here. Specifically, (1) plaintiffs are likely to succeed on the merits; (2) plaintiffs will be irreparably injured absent the grant of a preliminary injunction; and (3) the balancing of equities favors granting the injunction. See, e.g., State of New York v. Fine, 72 N.Y.2d 967, 968-69 (1988); W.T. Grant Company v. Srogi, 52 N.Y.2d 496, 517 (1981); Schneider Leasing Plus, Inc. v. Stallone, 172 A.D.2d 739 (2d Dept.), app. dism'd, 78 N.Y.2d 1043 (1991); Zonghetti v. Jeromack, 150 A.D.2d 561 (2d Dept. 1989); Koursiaris v. Astoria North Development, Inc., 143 A.D.2d 639 (2d Dept. 1988).

17. First, as explained above, plaintiffs are likely to succeed on the merits of their claims that it is unlawful to participate in the Broadway Bomb race unless the required have been issued by the Police Department.

18. Second, allowing the Broadway Bomb race to proceed without the required permits irreparably injures the plaintiffs. As Lieutenant Corbett explains, lawless

unauthorized Broadway Bomb races cause problems for vehicular traffic stoppages, safety issues for pedestrians and has resulted in accidents. See Corbett Affirmation., ¶¶8, 10. Parade permits enable the Department to protect the needs of event participants and the general public. Id. at ¶9. Once a permit is issued, the Department is able to assign officers to assist with the event. These officers will block-off the designated event route, escort the procession through the route and re-route pedestrian and vehicular traffic as needed. Id. As a result, an injunction from this Court, putting an end to any unpermitted race at the outset, would be more protective of the safety of the racers, pedestrians, motorists, and officers, than the City's ability to enforce the parade permit requirements once the event has already started.

19. Next, a balancing of the equities clearly favors plaintiffs. In this regard, the City's need to protect the public safety by preventing unpermitted event from stepping off far outweighs the defendants' right to participate in this un-permitted race pending final resolution of this matter. As detailed above and in the Corbett Affirmation, allowing the race to occur and/or requiring the Police Department to enforce the law once the race starts, creates a danger to both the race participants and the pedestrians and motorists who find themselves in the vicinity of the race. Moreover, the City should not be forced to absorb the monetary costs associated with regulating defendants' un-permitted event so as to ensure public safety.

20. Finally, plaintiffs have no adequate remedy at law.

21. Accordingly, plaintiffs are entitled to a preliminary injunction.

22. No prior application for the relief requested herein has been made to this or any other court or judge.

WHEREFORE, it is respectfully requested that this Court issue an order

1. Enjoining the defendants, their agents, employees and/or representatives,

and any and all persons who have registered with defendants via the registration procedures available at www.broadwaybomb.com, facebook, or elsewhere, or who are present with their skateboards or longboards at the designated starting point for the Broadway Bomb race (116th Street and Broadway) at the designated starting time of the race (noon) on October 20, 2012, or any other location, from participating in the planned and unpermitted Broadway Bomb race, or any other similar unpermitted event;

2. Enjoining the defendants, their agents, employees and/or representatives from further promoting or accepting further registration for the unpermitted Broadway Bomb race scheduled to take place on October 20, 2012, or any other similar unpermitted event;
3. Requiring defendants to notify registered participants that, pursuant to Court order, the Broadway Bomb race and the planned flash mob will not occur on October 20, 2012, and that participants in any such events or similar unpermitted events, will be subject to arrest, by: 1) e-mailing the registered participants at the e-mail addresses they provided in registering for the race that pursuant to Court order the Broadway Bomb race and the planned flash mob will not occur on October 20, 2012, and that participants in any such events will be subject to arrest,; and 2) posting on <http://www.broadwaybomb.com> and the Broadway Bomb 2012 Facebook page, and on any other website available to the defendants, that pursuant to Court order the Broadway Bomb race and the planned flash mob will

not occur on October 20, 2012, and that participants in any such event, or any other similar unpermitted event, will be subject to arrest; and

4. Enjoining the defendants, their agents, employees and/or representatives, from organizing, promoting or otherwise participating in an event involving the racing or riding skateboards on any public street in violation of Administrative Code §10-110, without first obtaining a parade permit from the New York City Police Department (“Police Department”) and paying the Police Department the requisite fee pursuant to 38 RCNY §19-05 during the pendency of this action.
5. Enjoining the defendants, their agents, employees and/or representatives, from announcing any new unpermitted race via Facebook, www.broadwaybomb.com, e-mail, text message, or via any other method, and that defendants shall not provide any party access to the Broadway Bomb 2012 Facebook page, www.broadwaybomb.com, the registered participants’ e-mail addresses, or the registered participants’ phone numbers so as to enable another party to announce a new unpermitted race.

Plaintiffs, by their attorney, MICHAEL A. CARDOZO, Corporation Counsel of the City of New York, as and for their complaint against the defendants, allege, upon information and belief, as follows:

INTRODUCTION

1. Plaintiffs bring this action pursuant to, and by the authority of, Section 20(22) of the General City Law to permanently enjoin the defendants' violation of the parade permit requirements (contained in Section 10-110 of the New York City Administrative Code ("Administrative Code") and (Title 38, Rules of the City of New York ("RCNY") Section 19-05).

THE PARTIES

2. Plaintiff THE CITY OF NEW YORK ("the City") is a municipal corporation incorporated under the laws of the State of New York.

3. Plaintiff RAYMOND KELLY, COMMISSIONER of THE NEW YORK CITY POLICE DEPARTMENT ("Police Department") is empowered under Sections 434 and 435 of the New York City Charter ("City Charter") to regulate and control pedestrian and

vehicular traffic, which includes, as set forth in Administrative Code Section 10-110 and 38 RCNY §19-05, the authority to regulate the use of the City's streets for parades and processions.

4. Defendant NY LONGBOARD ASSOCIATION is listed as the sponsor of the Broadway Bomb event on the website for the event: www.broadwaybomb.com. A copy of a printout of the "home" page of the www.broadwaybomb.com website with this information is annexed hereto as Exhibit A.

5. Defendant IAN NICHOLS is the organizer of the Broadway Bomb event both in his individual capacity and on behalf-of or in conjunction with defendant NY LONGBOARD ASSOCIATION and is the registered owner of the www.broadwaybomb.com website. A copy of a printout from Aplus.net's WHOIS database, <http://who.pho.to/broadwaybomb.com>, detailing the registration information for the www.broadwaybomb.com domain is annexed hereto as Exhibit B.

VENUE

6. Venue for this proceeding is in New York County, which is the county where the annual Broadway Bomb event takes place.

BACKGROUND FACTS AND APPLICABLE LAW

7. Upon information and belief, skateboard races known as "Broadway Bomb" have occurred annually and "under the radar" in New York City for a number of years.

8. It has recently come to plaintiffs' attention that another Broadway Bomb race is scheduled for October 20, 2012 this year and that the race is expected to have 1,782 participants.

9. The Broadway Bomb event appears to be a skating race where people race on longboards (which are longer variants of a skateboard) in traffic for 7.9 miles from 116th Street to the Wall Street Bull located at 1 Bowling Green via Broadway.

The Parade Permit Requirement

10. Parades, processions, and races are required to have permits from the Police Department. In this regard, Administrative Code §10-110(a) provides that “[a] procession, parade, or race shall be permitted upon any street or in any public place only after a written permit therefore has been obtained from the police commissioner. Application for such permit shall be made in writing, upon a suitable form prescribed and furnished by the department, not less than thirty-six hours previous to the forming or marching of such procession, parade or race. The commissioner shall, after due investigation of such application, grant such permit subject to the following restrictions.”

11. The term “parade or procession” is defined in 38 RCNY §19-02(a) to mean “any procession or race which consists of a recognizable group of 50 or more pedestrians, vehicles, bicycles or other devices moved by human power, or ridden or herded animals proceeding together upon any public street or roadway.”

12. It is unlawful to participate in a parade or procession unless a parade permit has been issued for the event. Administrative Code §10-110(c).

13. No parade permit has been issued by or sought from the Police Commissioner in connection with any past or planned Broadway Bomb race.

14. Moreover, pursuant to 38 RCNY §19-05, non-charitable athletic parades occurring on or after January 1, 2012 are required to pay fee to offset the cost incurred by the City for traffic control costs. In this regard 38 RCNY §19-05 provides, in relevant part,

§19-05 Fees for Non-Charitable Athletic Parades.

(a) The Chief of Department shall assess the fees set forth in subdivision c of this section for non-charitable athletic parades occurring on or after January 1, 2012.

(b) The Chief of Department shall charge an applicant a fee in accordance with the following schedule, which shall be in addition to any fee requirement imposed by the Department of Sanitation or any other fee imposed by any city agency.

(c) Application may be submitted no sooner than 180 days before the event and no later than ten days before the event.

....

(d) Fees assessed must be paid prior to the event.

(e) The fee shall be calculated as 100% of the Police Department's traffic control costs based upon number of police department personnel ("MOS") in the ranks of traffic enforcement agent and associate traffic agents, police officer, detective, sergeant and lieutenant, needed to safely perform traffic control functions as determined by the Office of the Chief of Department....

....

(i) Event plans will be developed and events staffed at the sole discretion of the Police Department, based upon the projected attendance numbers, type of event, traffic/pedestrian volume, geographic location, along with other relevant public safety factors.

....

15. No fee has been paid to the Police Department in connection with any past or planned Brooklyn Bomb race, which is a non-charitable athletic parade.

AS AND FOR A FIRST CAUSE OF ACTION

16. Plaintiffs repeat and reallege, as fully as if set forth herein at length, the facts contained in paragraphs 1-15 above.

17. Absent the grant of a parade permit authorizing a race, it is a violation of Administrative Code §10-110 for a group of 50 or more individuals to race skateboarders on a public street *en masse*.

18. No parade permit has been issued by or sought from the Police Commissioner in connection with any past or planned Broadway Bomb race.

19. Accordingly, plaintiffs seek a declaration that the Broadway Bomb race is unlawful pursuant to Administrative Code §10-110 absent the grant of a parade permit by the Police Commissioner, and a permanent injunction enjoining and restraining the defendants, their agents, employees and/or representatives from organizing, promoting, or otherwise participating in future Broadway Bomb races or any other event involving the racing or riding of skateboards on public streets in violation of Administrative Code §10-110, without first obtaining a parade permit from the Police Department and paying the Police Department the requisite fee pursuant to 38 RCNY §19-05.

WHEREFORE, plaintiffs seek a judgment

A. Declaring that Broadway Bomb races are unlawful pursuant to Administrative Code §10-110 absent the grant of a parade permit by the Police Commissioner, and

B. Declaring that Broadway Bomb races are unlawful pursuant to 38 RCNY §19-05 absent the payment to the Police Department of the requisite fee as set forth under said provision, and

C. Permanently enjoining the defendants, their agents, employees and/or representatives, from organizing, promoting or otherwise participating in an event involving the racing or riding skateboards on any public street in violation of Administrative Code §10-110, without first obtaining a parade permit from the Police Department and/or paying the Police Department the requisite fee pursuant to 38 RCNY §19-05.

D. Awarding plaintiffs such other and further relief as to this Court may seem

just and proper.

VERIFICATION

GABRIEL TAUSSIG, an attorney admitted to practice before the Courts of the State of New York, hereby affirms the following to be true, under penalties of perjury, pursuant to CPLR 2106:

I have been duly designated as Acting Corporation Counsel of the City of New York and, as such, I am an Officer of the City of New York, a plaintiff in the within action. I have read the foregoing complaint and know the contents thereof. I believe the same to be true upon information and belief.

The reason why this verification is not made by the City of New York is that it is a corporation. My belief as to all matters is based upon information obtained from various departments of the city government, from statements made to me by certain officers or agents of the City of New York, and from statements, affidavits or affirmations of other persons.

I said it before and I'm gonna say it again. In my opinion the best thing for us to do is go up about 10+ blocks and together thrash through the blocks without anyone breaking away bc if you are out in the front by yourself you are fucked. Can no small group of cops stop 2k well organized and united skaters.

Corbett Affirmation

SUPREME COURT OF THE STATE OF NEW YORK
COUNTY OF NEW YORK

----- x
THE CITY OF NEW YORK, RAYMOND KELLY, as
COMMISSIONER of THE NEW YORK CITY POLICE
DEPARTMENT,

Plaintiffs, AFFIRMATION OF ROBERT
CORBETT

-against-

IAN NICHOLS and NY LONGBOARD ASSOCIATION,

Index No. 40222712

Defendants.
----- x

ROBERT CORBETT, an attorney admitted to practice in the courts of the State of New York, affirms the following to be true under the penalties of perjury, pursuant to CPLR 2106:

1. I am a Lieutenant in the New York City Police Department (“Police Department” or “the Department”). I am currently assigned to the Office of the Chief of Department. I have been assigned to the Office of the Chief of Department since January 2011.¹ Prior to being assigned to the Office of the Chief of Department, I was assigned to the Criminal Justice Bureau.² The Office of the Chief of Department is responsible for directing and controlling the daily operations of the several major enforcement bureaus, including, Patrol Services Bureau and Transportation Bureau. In my capacity I have participated in planning the operational response to events such as Occupy Wall Street, including addressing staffing matters,

¹ When I first was assigned to Office of the Chief of Department I was a Sergeant Special Assignment. I was promoted to Lieutenant on April 29, 2011.

² I was assigned to the Criminal Justice Bureau effective January 2007. However, for a four month period I was assigned to the Police Commissioner’s Office.

placement of assets, including police officers, and ensuring the necessary equipment was utilized and available. Additionally, during the planning stage, I orchestrated communication and planning between different Bureaus, such as the Patrol Services Bureau, which encompasses all Police Department precincts and responds to 911 calls and oversees street events; the Transportation Bureau, which oversees traffic control; and the Transit Bureau, which oversees the subways.

2. I am either personally familiar with the facts and circumstances set forth herein or believe them to be true based upon my review of the records of the Police Department, the websites detailed herein, and/or my conversations with agents, officers, and employees of the City of New York.

3. I submit this affirmation in support of the plaintiffs' motion for a preliminary injunction enjoining defendants and all other participants in the Broadway Bomb from engaging in conduct that requires a permit from the Department without having first obtained such permit.

4. Upon information and belief, the Broadway Bomb is a race in which individuals ride their skateboards in traffic for 7.9 miles from 116th Street to the Wall Street Bull located at 1 Bowling Green via Broadway. Copies of Broadway Bomb website printouts, <http://www.broadwaybomb.com> are annexed hereto as Exhibit "A." In doing so, they pass through approximately 150 intersections and lights, including Columbus Circle, and Time's Square.

5. Based upon information contained on Broadway Bomb's website, it appears that the Broadway Bomb race has been taking place in New York City since 2000. Exhibit "A." However, when the race first began it was relatively small in scale, consisting of

approximately 14 people. Id. It has recently come to my attention that the number of anticipated participants have grown to the point where the event will severely disrupt vehicular and pedestrian traffic and present the City with serious public safety issues. Currently, for the 2012 Broadway Bomb, 1,782 individuals have registered to participate in the race.³ A copy of the Broadway Bomb registration, http://www.ncdsa.com/contest_registration.asp?ContestID=554, is annexed hereto as Exhibit "C."

6. Processions, parades and races are not permitted upon any street in New York City unless a permit has been obtained from the Police Commissioner. See New York City Administrative Code ("Administrative Code") Section 10-110(a). Once issued, these permits (known as "parade permits") designate the exact route that the procession, parade or race will take. See Administrative Code §10-110(a)(3). Department records indicate that no individual or entity has ever applied for a permit to hold the Broadway Bomb race, despite the obvious need for them to do so.⁴

7. The Broadway Bomb website, <http://www.broadwaybomb.com>, states that this year's race is going to occur on Saturday, October 20, 2012 at 12:00pm. Exhibit "A." It would be extremely dangerous for this un-permitted event to take place as planned.

³ In addition to the registered participants, the Broadway Bomb 2012 Facebook page presently reflects that 1,813 people have stated that they are going to attend the race. A copy of the Broadway Bomb 2012 Facebook page, http://www.ncdsa.com/contest_registration.asp?ContestID=554, is annexed hereto as Exhibit "B."

⁴ Additionally, pursuant to 38 RCNY §19-05, non-charitable athletic parades occurring on or after January 1, 2012 are required to pay a fee to offset the cost incurred by the City for traffic control costs, including police department personnel. Department records indicate that no individual or entity has ever paid a fee to the Police Department with respect to any past or planned Broadway Bomb race.

8. As seen in videos of past races obtained from the Broadway Bomb website, <http://www.broadwaybomb.com>, the racers arrive at the start location, i.e., 116th Street and Riverside Drive, and congregate prior to the race time.⁵ A CD of videos of past Broadway Bomb races is annexed hereto as Exhibit "D."⁶ As depicted in the videos, at the designated start time, an individual announces the beginning of the race and the participants, en mass, begin to race down Broadway on skateboards. As further depicted in the videos, during the race, the riders skate in massive group formation, taking up the entire roadway and sidewalk, not leaving any room for vehicular traffic or pedestrians to pass. The riders are also seen engaging in reckless and dangerous behavior such as failing to stop for red lights, cutting off and weaving through moving vehicles and pedestrians, grabbing onto passing vehicles and bicycles so as to be propelled by the vehicles and bicycles, and instructing vehicles which have the right of way to stop so they can pass through intersections. This conduct violates provisions of the New York State Vehicle and Traffic Law, Title 34, Section 4-01 et seq. of the Rules of the City of New York, as well as New York City Administrative Code § 19-176.1.

9. It is extremely difficult for the Police Department to protect public safety when groups take to the streets for un-permitted events. This is particularly true of the Broadway Bomb ride which is a race to see who can navigate through traffic the fastest, over the course of approximately 150 blocks, and which touts as its slogan "You Could Die." Exhibit "B"

⁵ Notably, when individuals register to participate in the race they are instructed to "[p]lease come early and keep quiet as to not attract attention." Exhibit "C." See also Exhibit "A" (providing NO knocking down pedestrians!!! One sure way to attract the Police.") and Exhibit "B" (providing "[p]lease come early and keep quiet as to not attract attention.")

⁶ These videos were obtained from the Broadway Bomb website, <http://www.broadwaybomb.com>. Additional videos can be found at this site.

(stating “I must always remind you that this is a very dangerous race; ‘You Could Die’ is not just a slogan.”) See also Exhibit “D.” Parade permits enable the Department to protect the needs of event participants and the general public. Once a permit is issued, the Department is able to assign officers to assist with the event. These officers will block-off the designated event route, escort the procession through the route and re-route pedestrian and vehicular traffic as needed.

10. Defendants and other participants in the Broadway Bomb race should not be allowed to disregard the City’s parade permitting scheme. If they are permitted to do so, the Police Department will be faced with a situation where it will have to attempt to peacefully and safely disperse 1,782 people who have congregated for the race and, to the extent the participants refuse to obey the lawful commands of the Department, to enforce the law on a piecemeal basis, or run the risk of severe traffic disruptions and danger to public safety. As seen on the videos of past races, the Broadway Bomb race causes problems for vehicular traffic stoppages, safety issues for pedestrians, and has resulted in accidents. Exhibit “D.”

11. While it is true that the Police Department does have the ability to police an un-permitted event and make arrests, based upon the number of racers registered to participate in the race, and my experiences and observations with un-permitted events of this sort, I believe it would be extremely difficult for the Police Department to effectively enforce the parade permit requirement once the race has begun. I believe that an injunction from this Court, putting an end to the un-permitted race prior to its commencement, would more effectively protect the safety of the racers, pedestrians, motorists, and officers, than the Department’s exercise of its existing powers to enforce the law. An injunction by this Court would have a greater deterrent effect with racers who might otherwise be unaware that the event is not sanctioned. Moreover, once the event has begun, the large mass of racers will clog traffic and be difficult to stop. Moreover,

if the Department attempts to stop racers, it is likely that the racers will attempt to flee from police officers into vehicular and pedestrian traffic, thereby creating an additional safety hazard for motorists and pedestrians. Finally, the enforcement of the law at this event is likely to result in mass arrests. Mass arrests would place a heavy burden on the criminal justice system, including the Department and the courts. It will take police officers away from other duties and thereby pose a safety risk to the public at large. It will increase the arrest-to-arraignment time of arrestees moving through the system. Mass arrests would also incur a large overtime cost to the Department. As a result, it is necessary to stop the race before it begins.

About

Central Park Race was satisfying, many yearned for something more. Ian Nichols and Fred Mahe came up with the idea of a race to skate in traffic and called it the Broadway Bomb. The first race was small, only 14 skaters. This year on the tenth anniversary we expect to have over 1000 skaters. This race is the highlight of skaters whole lives. They train all year for 30 minutes of glory!

CHRISTINA L. HOGGAN, an attorney admitted to practice before the courts of the State of New York, affirms the truth of the following under the penalties of perjury pursuant to Rule 2106 of the Civil Practice Law and Rules:

1. Plaintiffs have made a good faith effort to notify defendants that they will make an application for a temporary restraining order at the ex parte motion office of the Supreme Court, New York County, Room 315, 60 Centre Street, New York, New York, at 11:00 A.M., October 18, 2012, in the following manner:

- a. By notifying defendants by telephone at 11:14 A.M. on October 17, 2012, of plaintiffs' intent to make said application at the aforesaid date, time, and place, at 917-674-7683, the telephone number listed on defendants' application for a New York City Parks Department ("Parks Department") Application for a Facility Permit to hold a post-race barbeque at East River Park in Manhattan, and listed on <http://who.pho.to> as being the telephone number for the registrant, administrative contact, and technical contact for <http://www.broadwaybomb.com>. Upon receiving an answer, I confirmed with

individual who answered that they were in fact Ian Nichols. I then informed Mr. Nichols that my office would be going to Court at the aforesaid date, time and place so as to seek an order restraining defendants from holding the Broadway Bomb race on October 20, 2012 since they had failed to obtain a parade permit. I also confirmed with Mr. Nichols that his e-mail address was ibunyc@aol.com.

- b. By e-mailing at 11:19 A.M. on October 17, 2012, notice of plaintiffs' intent to make said application at the aforesaid date, time, and place, to defendants at ibunyc@aol.com, the e-mail address listed on defendants' application for a Parks Department Application for a Facility Permit to hold a post-race barbeque at East River Park in Manhattan, and listed on <http://who.pho.to> as being the e-mail address for the registrant, administrative contact, and technical contact for <http://www.broadwaybomb.com>.

2. A copy of the notice sent by e-mail is attached hereto as an exhibit.
