

Dear Santa,

my name is Wendy ~~_____~~ and I am writing this

#14550

letter because I have a little girl, her name is Gia Irizarri

she is 3 years old now, unfortunately we had to raise her on my own - I am a single mother, her father has never been in our lives the last time he saw her she was 1 month old, We are now living a room at my mother's apartment, She has helped us with everything, if it wasn't for her I don't know where we would be but I still struggle each day to support my baby. The reason for my letter today is because my wish this year is to be able to give her a beautiful Christmas and give her all the things she needs right now - like Hats, Sweaters, gloves, Jeans, a Coat and footwear. Its just so hard for me to get her everything she needs because I don't make enough money and I don't have anyone else to help me with her, Its so depressing for me to think about the upcoming holiday because I know I won't be able to get her everything she needs.

Please help us and not only will baby Gia have a wonderful Christmas, but so will I.
