

## **Matzo Crispy Marshmallow Treats**

4 tablespoons butter or margarine

10 ounces mini marshmallows

4 sheets matzo, crushed into small shards

1. Grease an 8-inch square or round baking pan with nonstick cooking spray.
2. In a microwave safe bowl, combine the butter and marshmallows. Heat in 30-second increments until completely melted, about 2 minutes total.
3. Working quickly, stir the matzah into the marshmallow mixture. Transfer to the prepared pan and press into all the sides. Allow to cool before turning out onto a cutting board and slicing.
