

Nassau County
Mosquito Spraying Division
Charles Mangano
Supervisor

Dear Nassau County Residents,

As you know we in Nassau County have been trying to control the mosquito population and the disease they bring. We have been spraying for them in Nassau county at different times. We will be spraying by helicopter in different towns in the coming weeks. Spraying will take place on the next four Saturdays.

On the day of your town being sprayed, it is important for all children to stay inside their houses with the doors and windows closed. Please do not answer the door. Spray is extremely dangerous and could be deadly. All children must be inside their house from 9:00 am until 9:00 pm. Police will be driving in the area to arrest any person outside during that time.

Please see the spraying schedule for Nassau county below,

- | | |
|-------------|---|
| October 31 | Glen Cove, Glen Head, Sea Cliff, Oyster Bay, Manhasset, Roslyn, Port Washington |
| November 7 | Bethpage, Hicksville, Massapequa, Long Beach, Garden City
Oceancide |
| November 14 | Franklin Square, Great Neck, Bayville, Westbury, Jericho
Merrick |
| November 21 | Lynbrook, Freeport, East Meadow, Farmingdale, Plainview
Carle Place |
| November 28 | New Hyde Park, Locust Valley, Mineola, Valley Stream
Syosset |

Thank you for your cooperation on this matter, and remember any person outside at the time of their town's mosquito spraying will be arrested and put in jail for their own safety.

Thank you

Charles Mangano
Supervisor
