MRE [REDACTED] Where are we

Collins [REDACTED] Ok. Still working it all

MRE [REDACTED] Weather dominant. How's papers

Collins [REDACTED] Still weather. Van Dyke is in court today to enter a plea and that's gotten some coverage on TV. Your return continues to be played pretty straight, or mentioned in the context of reforms. The trib cover was a story about the oemc dispatch from Saturday morning and another story about times cpd has accidentally shot someone. Neither will go beyond the Tribune. The st cover is that your returning. Headline was trips over.

St has an editorial that the road forward goes through ipra and restoring faith there

MRE [REDACTED] How bad is s times then? Cover and editorial

Collins [REDACTED] CT has an editorial that the shootings will be the first test of the commitment to reform, though they also note the 30 day policy and the cit/deescalation review
Not good not bad

MRE [REDACTED] Snarky

Collins [REDACTED] It's that your coming back to deal with this issue

Editorial is more about the fact that ipra has a long way to go to restore faith

The vance story was in both papers but neither blew it up

The past altercation is mentioned in both

I've only seen that on TV once as s reader

MRE [REDACTED] Makes it more personal then or is it a bigger problem

Collins [REDACTED] I think it suggests there's a personal beef

MRE [REDACTED] Just tell me where we are

Collins [REDACTED] Same as before. Weather dominant.

Abc interviewed the family of Ms. Jones who said they spoke to you, that you prayed with them and that warmed their heart

MRE Eileen said Kelly indicated that you all are getting a lot of calls about my trip?
Also is that a sense we have a crisis

Collins The calls have picked up quite a bit today. The question is if you are home or when you will be home

MRE [REDACTED]

Collins [REDACTED]

MRE [REDACTED]

Collins I agree completely

MRE And to drive the changes
How goes it

Collins Press is happy to have Sharon. Those interviews should be happening in the next 30 minutes. The statement about your return is out to those asking.
Cleveland DA just announced no charges in their police involved shooting from last year. Nationals are flipping to that at the moment

MRE How heavy were they I bus
On us

Collins We were in the mix, mostly they had hatch on as well as legal analysts. Mnsbc has a reporter here. I don't think cnn does

MRE Lip syncing one reporter
How goes it

Collins Ok. We're working it. Will have a better sense at 4. Weather will definitely be the lead, and we are managing that too

MRE Sharon? 30 day?

Collins Sharon
Cit/deescalation review and 30 day
There is real interest in the policy changes

MRE [REDACTED]. Return trip?

Collins Return trip is still too new to make an assessment on how it is playing.

MRE My view is not my first choice but the right choice

MRE Where are we

Collins The coverage continues to be focused largely on the incident and the calls for answers/justice, as well as the family's anger
The 9 and 10 pm news included more pointed criticism at you, tho that was not the focus at all. The amt v has shifted and your involvement in those stories is your demand for change last night. Some have also mentioned that you are in Cuba
Nothing on vance

We are meeting as a group at 9, and eileen, David, Janey and I are connecting with cpd to finalize additional action items we can roll out yet this week, as well as next

We are doing check ins with the 24 hour networks, though they haven been focused on storm damage around the country

MRE Ok

Collins Worth noting there were no amt v reporters on the story this morning. We are obviously monitoring closely

MRE How was tribune in thirty day policy

Collins It was positive and focused on how the move is a shift from how cpd has acted in the past. It also noted that their willingness to admit the shooting of ms jones was a mistake is a step forward

It is focused on John and cpd. We released a note to press from our office that tied the 30 day policy and the call for a review of cit training together, and added a quote from you about the new policy.
