Please see the attached document ("Part B Supplement") that outlines actions and strategies for this section.					

II. Reports

Identify the total number of reports made to the following groups of individuals in the 2016 calendar year. If a higher education institution is aware that a student reported an incident more than once, it may provide an explanation for this or any other additional information regarding its reports in Part C below. *See* 110 ILCS 155/25 and 110 ILCS 205/9.21(b).

Of the total number of reports or disclosures made to the Title IX coordinator or responsible employees at the higher education institution (identified in Part B, Section II), please report the number of times the following occurred:

PART C

Use this space to provide any explanations or clarifications for information and data provided as part of the report. (Append additional pages as necessary.)

* In the Reports section, it has been noted that 7 reports of sexual violence were made to confidential and anonymous resources. This number was provided by Elmhurst College Counseling Services staff, who are designated as confidential resources on campus. This number reflects sexual violence reports made to these staff between August and December 2016. The staff taking these reports did not distinguish whether or not these incidents happened on or off-campus, nor did they distinguish whether these incidents actually occurred during those months they were reported. Therefore, this number may reflect incidents that did not occur within 2016 or on Elmhurst College's campus. There were no reports made to designated confidential advisors during 2016.

** The total number of reports of dating violence made to the Title IX Coordinator/responsible employees is different than what is indicated in Part A under Reports because both dating violence reports involved non-Elmhurst College affiliated respondents, so the formal complaint resolution procedure could not be pursued.

*** The total number of reports of stalking made to the Title IX Coordinator/responsible employees is different than what is indicated in Part A under Reports because one stalking report involved a non-Elmhurst College affiliated respondent, so the formal complaint resolution procedure could not be pursued.

**** 0 HEI investigated allegations denotes that no formal investigations were conducted after initial report response and assessment (as defined in Section 7 of the College's Non-Discrimination and Non-Harassment Policy) occurred for each of the reports listed in Part A.
