PART C

Explanations or clarifications for information and data provided as part of the report.

1. Safe Passage serves as the confidential advisor for Kishwaukee College. The agency submitted data for the FA16 semester identifying KC students served by the agency. Safe Passage does not ask at intake if confidential advisor services are being requested by a client. Processes will be reviewed to determine if tracking this as a referral source is feasible.
2. Temporary suspension during investigation.
3. The College conducted the Noel Levitz student satisfaction survey in the spring of 2017. The following statement was added to the survey and identified as a top strength of the College

The College provides resources to support students who have experienced, witnessed, or have knowledge of sexual misconduct.
