

When selecting a dining certificate to a participating restaurant at Restaurant.com, it is important to review any restrictions prior to purchase. The restrictions are prominently displayed just under the "add to cart" or "select" button. Dino's Steak & Claw House requires a \$100 minimum purchase for a \$50 Restaurant.com dining certificate.

Whenever something like this happens, Restaurant.com will gladly exchange the certificate, or exchange the \$50 certificate for two \$25 certificates.

Restaurant.com dining certificates and gift cards NEVER expire.
