

March 18, 2013

On Friday, March 15, Grapevine-Colleyville ISD administrators were notified that Grapevine Police were investigating a teacher on allegations of an improper relationship between educator and student. That same day, the teacher, Cody Dickson, was placed on administrative leave from the district and will not be on campus during the course of the investigation. Police are continuing to investigate the matter. Dickson has served as a music teacher and assistant choir director at Colleyville Heritage High School since August 2009.

While state and federal privacy laws prevent district personnel from publicly discussing details about these allegations or the persons involved, GCISD leaders continue cooperating fully with police. Questions regarding the investigation may be directed to the Grapevine Police Department.
