

Hi my name is Jacqueline Uhler. I'm a mom of an 8 year old boy who is my entire world and for him I'm fighting to be alive. I'm in search of a miracle, someone who is able to donate a kidney for me. Anyone is able to live with one kidney, but in my case both kidneys are damaged. I'm in need of someone whose blood type is "O POSITIVE". My insurance company will cover all of the testing that is needed and the surgery. The procedure is done laparoscopic and you would be discharged from the hospital in a day or two.

If this is something that you would consider, please contact my coordinator Maureen Vekasy at 412-647-5512 or email at [vekasyymm@upmc.edu](mailto:vekasyymm@upmc.edu). Feel free to ask all of the questions that you may have. Or, if you know of a friend or loved one who is passing away and may want to keep living by extending someone else's life by becoming an organ donor, please contact Mary Becker at 412-692-2947. I would be happy to speak with you also. I can be reached at [nailtech1@verizon.net](mailto:nailtech1@verizon.net) or 412-758-9559.

Thank you for taking the time to read my letter.

Sincerely yours,

Jacquie
