

ALIQUIPPA SCHOOL DISTRICT

DAVID A. WYTIJAZ
Superintendent of Schools

JOHANNAH M. ROBB, CPA
Business Administrator

August 26, 2014

TO: ALIQUIPPA ELEMENTARY SCHOOL PARENTS/GUARDIANS

Yesterday, district administration was notified that a weapon was in the possession of a kindergarten student. The weapon was discovered in the student's back pack upon information received by a teacher from another student. The weapon was never visible to any student. The weapon was secured by the building principals. Aliquippa Police were notified and responded immediately.

The student will be subject to School District Policy regarding weapon violations. Local law enforcement will determine the extent of any other charges.

I want to assure you that at no time was student safety compromised. District personnel responded in accordance to prescribed protocol. The Aliquippa School District conducts school safety training and reviews on a regular and continuous basis.

Thank you for your support in ensuring school safety.

David A. Wytiaz

Superintendent of Schools
