You've already spent a bunch of it. I sent you a default notice this morning and I am going to seek my remedies immediately. If I have to file this company or shut down the hospitals so be it (Ellwood is already closed so we are down to St Alexius). But I am not going to let this continue. Do not pay anything else until you get my written permission.

And what happened to the 75 you paid MEDs in Friday? Your numbers are not making sense which is why I asked for the final sources and uses. We discussed paying them 75.

And again the old AR is not Americore's money to spend. This is not ok. Should I have all the people coming after me call you for an explanation why I can't pay them?

From where? The \$250000 bridge that just I just got put in to pay \$200000 to MEDS right now and \$36,000 to health insurance.

The payroll account is still \$15000 short of checks written.

I'll call as soon as I get this MEDS wire out.

I will move the \$7500 I just saw from Brian's email from today's payments over to the third Friday account as soon as I'm off phone.

I'll then call to walk through everything. You have the needs list from Friday's Email.

I got the am one but not the pm one where you show what was actually paid.

I need the old AR paid today I am told by the troops that there are sufficient funds to pay me at least \$100k of the \$171 plus today's small additional amount that is owed.
