Re: Request for 2005 Annual Pensions Greater than \$100,000 from Daniel Stone, Office of Assemblyman Keith Richman, dated May 3, 2006 - Correction

Dear Mr. Stone:

This letter is in response to your Public Records Act request received May 3, 2006 and revised May 17, 2006 by email, in which you requested a list of retirees whose gross annual pension benefits exceeded \$100,000 in 2005, listed by job title.

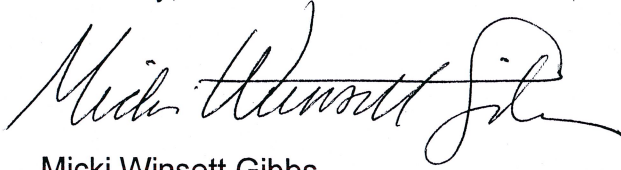

On July 28, 2006, we sent both a hard and electronic copy of the data compiled in response to your request. In August 2006, it came to our attention that some of the job categories on the document we provided were incorrect. In the process of preparing our list, we used different files to compile the document containing the data responsive to your request. When one file containing certain data was converted to the final file, it caused some problems, resulting in a shifting of some of the job categories.

Staff has thoroughly reviewed the document and has corrected all errors associated with this problem. Enclosed, please find a corrected hard and electronic copy of the data that was compiled. The document contains the same job titles, shifted to align with the correct monthly and annual pension. As before, there are 1,841 retirees whose annual pensions in 2005 were greater than \$100,000.

We apologize for any inconvenience associated with this problem, and appreciate your patience while we worked to provide you with a correct version of the data.

Please do not hesitate to contact me if you have any further questions.

Sincerely,

A handwritten signature in cursive script, reading "Micki Winsett Gibbs". The signature is fluid and stylized, with a large initial "M" and a long, sweeping underline.

Micki Winsett Gibbs
