

"Mr Sherrill comes to nearly every board meeting with what I believe is an aggressive attitude. In this instance I was simply asking him a question when he became hostile and started using curse words towards me. I took an oath to represent my community to the best of my ability. That oath should not include dealing with consistently aggressive members of the public who I believe have the intent to disrupt meetings, harass and stalk board members, and prevent progress. I became very passionate about the situation and angry because this happens almost every meeting. I put alot of time into this position and constant disruptions are frustrating. For this reason I have requested to the President of the board that a sheriff be present at all future meetings. Board meetings are for the board of directors to conduct district business. Allowing the public to attend is not mandatory where it becomes dangerous, violent or harassing. In the future I will not allow anyone to bring me to the level of anger Mr.Sherrill did on that evening. Violent behavior will not be tolerated and those community members engaging in such will be asked to leave."

-Frank Caron

Rio Linda Water District Board Director
