LINE BY LINE INSTRUCTIONS FOR COMPLETING THIS APPLICATION

1. **Applicant's Address:** Print or type your name and address. When your approved permit is returned, this information will appear through a windowed envelope. Be sure the information is legible and includes your ZIP code.
2. **Applicant Information:** "Number of acres under fence" may be left blank if less than one. "Telephone number to appear on the commercial breeder's list" should be left blank if the permit is required for noncommercial purposes as indicated in item 6.
3. **Location Where Animals Are Held:** Leave blank, unless your animals are held (renewal applicants), or will be held (new applicants) at a location other than that stated in item 1. This does **NOT** allow the animals to be held at both locations. A separate permit is required for each location animals are held.
4. **Species and Number of Animals:**
 - **New** — List each species you plan on acquiring. Enter the number of animals you actually possess as of the date of this application. **For new applicants this number should be zero.** Your initial acquisition of animals and any subsequent additions or subtractions from your inventory must be reported on a Monthly Inventory Report (PR1350-2) as explained within the Information Circular for Permits to Hold Wildlife in Captivity (IC1350-1). You will receive one Monthly Inventory Report with your permit. This form should be used for reporting your initial acquisition of animals. You will also receive a Supply Order Form for ordering additional Monthly Inventory Reports and Official Shipping Tags. If animals have been acquired before obtaining a permit, a letter of explanation must be attached to this application. (See page 2 of IC1350-1.)
 - **Renewal** — List the species and number of animals you possess as of the date of this application. (See page 4 of IC1350-1.)
 - **Amended** — List all species you currently possess, plus those you plan on acquiring. Do **NOT** list only the new species. **Enter zero under "number" for species you plan on acquiring.** When the amended permit is approved, it will become your new permit. Report your new species on a Monthly Inventory Report (PR1350-2) after you receive your approved amended permit. (See page 4 of IC1350-1.)
5. **Type of Permit:**
 - **New** — You must obtain holding facilities that meet or exceed the minimum enclosure specifications and amenities for each species you plan on acquiring **BEFORE** this application is submitted. (See pages 5 through 7 of IC1350-1.) You must obtain your approved permit **BEFORE** you acquire your animals. (See page 2 of IC1350-1.)
 - **Renewal** — Do not forget to indicate your permit number. (See page 4 of IC1350-1.)
 - **Amended** — If **ANY** information on your approved permit needs to be changed, you must submit an amended application. If you plan to add species to your inventory that are not listed on your permit, adequate enclosures must be obtained for the species you plan on acquiring **BEFORE** an amended application is submitted. An approved amended permit must be obtained **BEFORE** the new species are acquired. For species that are currently listed on your permit, additional animals may be acquired without amending your permit provided: 1) you submit a Monthly Inventory Report (PR 1350-2) indicating the number of additional animals, and 2) your total number of animals does not exceed the minimum space requirements for that species. (See page 4 of IC1350-1.)
6. **Permit Required For:** This question is asked for information purposes only. All permittees are bound by the same regulations, regardless of whether they hold the permit for commercial or noncommercial purposes. (See page 9 of IC1350-1.)
7. **Zoned:** Unless zoned agricultural, the Department shall request approval from the city, township, or village where the premises is located. A copy of the application will be provided to them. Written approval must be obtained within 30 days from the date requested.
8. **Applicant/Permittee Signature:** Sign and date the application. Your signature certifies that you have read and understand the front and back of this application and IC1350-1 and you will abide by all requirements of this permit. (See page 3 of IC1350-1.) Furthermore, permittee agrees to the following:
 - **LIABILITY.** Grantee hereby releases, waives, discharges and covenants not to sue the State of Michigan, its departments, officers, employees and agents, from any and all liability to Grantee, its officers, employees and agents, for all losses, injury, death or damage, and any claims or demands thereto, on account of injury to person or property, or resulting in death of Grantee, its officers, employees or agents, in reference to the activities authorized by this permit.
 - **INDEMNIFICATION.** Grantee hereby covenants and agrees to indemnify and save harmless, the State of Michigan, its departments, officers, employees and agents, from any and all claims and demands, for all loss, injury, death or damage, that any person or entity may have or make, in any manner, arising out of any occurrence related to (1) issuance of this permit; (2) the activities authorized by this permit; and (3) the use or occupancy of the premises which are the subject of this permit by the Grantee, its employees, contractors, or its authorized representatives.
