COMPLAINT
FOR DECLARATORY & INJUNCTIVE RELIEF

NOW COME Plaintiffs, Elizabeth Brown, Tameka Ramsey, Emma Kinnard, Hon. Juanita Henry, Barbara Ford, Edith Lee-Payne, Evelyn Foreman, Jacqueline Steingold, Leslie Little, Michelle Martinez, Suzanne Sattler IHM, Barbara Davenport, Irene Wright, Patrick O'Connor, Paul Jordan, Michael Merriweather, Marcia Sikora, Ahmina Maxey, Maryion Lee, Lisa Oliver-King, Kimberly Spring, Brenda Reeber, George Reeber, David Frederick, John David Ivers, Lori Christenson, Betsy Coffia, and James Clancey and by and through their attorneys and for their Complaint, do hereby allege as follows.

NATURE OF PLAINTIFFS' CLAIMS

1. This lawsuit arises from violations of Plaintiffs' constitutional rights under the Constitution of the State of Michigan of 1963.
2. The Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011, MCL §§ 141.1501 et. seq. (the Act) effectively establishes a new form of local government within the State of Michigan. The new form of government allows Michigan cities, villages, townships, and other forms of municipal corporations to be ruled by one

unelected official and that this official's orders, appointments, expenditures, and other decisions are not reviewable by local elected officials or local voters.

3. On its face and in practice, the Act violates the rights of local voters by delegating law-making power and the power to adopt local acts to unelected emergency managers, by suspending the rights of local electors to establish charters and to elect local officials, and by imposing substantial new costs and expenses upon local municipalities without providing new revenue.

4. The Act thereby violates Art. I, § 17, Art. I, § 23, Art. III, § 2, Art. IV, §§ 1 & 29, Art. VII, §§ 21, 22, & 34, and Art. IX, § 29 of the Michigan Constitution.

JURISDICTION AND VENUE

5. Jurisdiction is conferred by MCL § 600.601 and § 600.605 and by MCR, Rule 2.605.

6. Venue is proper pursuant to MCL §600.1615, since the offices of the Governor and State Treasurer exercise governmental authority within this county and judicial circuit.

COMMON FACTS

37. Through its provisions, the Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011, MCL §§ 141.1501 *et. seq.* (the Act) establishes a new form of local government, previously unknown within the United States or the State of Michigan, where the people within local municipalities may be governed by an unelected official who establishes local law by decree.

38. On its face and in practice, the Act flagrantly violates the Constitution of the State of Michigan by:

- a) Delegating legislative powers without limiting standards to emergency managers;
- b) Granting unelected emergency managers the power to enact local law without the constitutional restraints placed on state and local governments;
- c) Usurping the vested rights of local electors to adopt and amend local charters which govern cities and villages within Michigan;

- d) Suspending the rights of local electors to a republican form of government and to elect the officials of local government through democratic elections; and
- e) Imposing substantial new costs upon local municipal corporations without providing offsets or additional revenue streams to affected communities.

39. Prior to 1988, local government was placed into receivership by the courts, not the state legislature or executive branch. Compensation for court-appointed receivers was derived from property that the courts placed within the care of the receiver. *Fisk v Fisk*, 333 Mich 513 (1952).

40. In 1990, the legislature passed the Local Government Fiscal Responsibility Act, Act No. 72, Public Acts of 1990 (the former Act). This statute authorized state officials to intervene when local governments were facing a financial emergency. Pursuant to the former Act, when a financial emergency was found to exist and there existed no satisfactory plan to resolve the emergency, an emergency financial manager could be appointed by a state board.

41. In February of 2011, the bill for the Local Government and School District Fiscal Accountability Act (the Act) was enrolled and fast-tracked through the Michigan legislature.

42. The Local Government and School District Fiscal Accountability Act bill was presented to the Governor for signature approximately one month after its introduction before the legislature.

43. Governor Richard D. Snyder signed the Local Government and School District Fiscal Accountability Act into law on March 16, 2011.

44. The Local Government and School District Fiscal Accountability Act (the Act) replaced the Local Government Fiscal Responsibility Act (the former Act) and radically revised state law.

45. The Act grants the Governor broad discretionary powers to declare that a local government is in a financial emergency and to determine whether the local government has a satisfactory plan to resolve the emergency. MCL §141.1515 (1).

46. The Act grants a state financial review team power to enter into a consent agreement with local government to address local financial problems and purport to provide financial stability to the local government without a finding that a financial emergency exists.

47. The Act further states that the consent agreement may grant the state treasurer power to vest a local chief administrative officer, the chief financial officer, or other officers of the local government with the powers and authority of an emergency manager under the Act. MCL §141.1514a (9).

48. The Act further provides that once the Governor has unilaterally declared a financial emergency and found that no satisfactory plan exists to resolve the emergency, the Governor shall appoint an emergency manager to act for, and in place of, the governing body of the local government. MCL §141.1515 (4).

49. The emergency manager is an appointed official of the executive branch of state government. Alternatively, the emergency manager is a private contractor working as an agent of the executive branch of state government.

50. The Act seeks to grossly expand the powers of emergency managers over all operations of local government. The emergency manager's powers extend not only to financial policy and decision-making, but also to all other areas of local government. The Act seeks to accomplish this expansion of powers without dissolving the corporate body of local government and without first removing or suspending the offices of local elected officials.

51. The provisions of the Local Government and School District Fiscal Accountability Act establish a form of local government that is repugnant to the constitutional liberties of Americans under settled law, as well as the rule of law itself. Under this new form of government, the people become subject to a form of governance where an unelected local official wields absolute power over all aspects of local government and whose decisions are without review by either local elected officials or local voters.

52. Without limiting standards, the Act delegates the state legislature's general legislative powers to emergency managers. The Act delegates such powers through provisions that vest emergency managers with sole discretionary power and authority to:

- a. Contravene, and thereby implicitly repeal, local laws such as city and village charters and ordinances; and
- b. Explicitly repeal, amend, and enact local laws such as city and village ordinances.

53. The Michigan Constitution of 1963, Art. III, § 2, prohibits executive branch officials from exercising general legislative power granted to the state legislature by Art. IV, § 1.

54. The Michigan Constitution of 1963, Art. IV, § 1, vests the state senate and house of representatives with general legislative power.

55. The Act grants emergency managers greater power than the state legislature possesses regarding the adoption and repeal of local acts. The Act grants such power through provisions that seek to vest emergency managers with sole discretionary power and authority to:

- a. Contravene, and thereby implicitly repeal, local laws such as city and village charters and ordinances; and

- b. Explicitly repeal, amend, and enact local laws such as city and village ordinances.

56. The Michigan Constitution of 1963, Art. IV, § 29, prohibits the state legislature from adopting local acts without the approval of two-thirds of the members serving in the state legislature and without the approval of a majority of the electors voting in the affected locality. Furthermore, Article IV, § 29 only permits the repeal of local acts by a majority vote of the state legislature.

57. The Act violates the exclusive constitutionally mandated rights of local electors to adopt and amend local charters. The Act violates such rights through provisions that seek to vest emergency managers with sole discretionary power to contravene local charter provisions.

58. The Michigan Constitution of 1963, Art. VII, § 22, vests the sole right to frame, amend, and adopt charter provisions in the electors of cities and villages. So long as the corporate body of local government remains in existence, the charter exists as local law to be followed by all persons within the local jurisdiction.

59. The Act usurps the constitutionally mandated rights of local electors to a republican form of government and to choose the officials of local government by democratic elections. The Act usurps such rights through provisions that seek to vest emergency managers with sole discretionary power and exclusive authority to act for, and in the place of, local government.

60. The Michigan Constitution of 1963, Art. I, § 17, grants due process rights to all persons in the state. Due process rights include a right to procedural due process during the repeal of local charter provisions and during the repeal, amendment, and adoption of local ordinances. Due process rights further include, a substantive right to a republican form of local

government and to choose the officials of local government by democratic elections throughout the time that corporate body of local government remains in existence.

61. Under the Michigan Constitution of 1963, Art. VII, §§ 21, 22, and 34, local electors possess an inherent right to a republican form of local government and to choose the officials of local government by democratic elections throughout the time that corporate body of local government remains in existence.

62. Under the Michigan Constitution of 1963, Art. I, § 23, local electors possess a retained right to a republican form of local government and to choose the officials of local government by democratic elections throughout the time that corporate body of local government remains in existence.

63. The Act requires local governments to increase activities and incur necessary expenses by requiring local governments to fund emergency managers, their staffs, auditors, financial review teams, technical advisors, consultants, firms, and other expenses incurred when complying with the mandated activities of the Act.

64. In 1978, the Michigan Constitution was amended to include Art. IX, § 29, which prohibits the state from mandating new activities or services upon units of local government without making a state appropriation of funds to be disbursed to local government to pay for any increased costs.

65. At the time of filing, emergency managers have been appointed over the cities of Benton Harbor, Ecorse, and Pontiac and over the Detroit Public Schools. As such, these emergency managers are currently exercising powers unconstitutionally granted by the Local Government and School District Fiscal Accountability Act.

COUNT I – Constitutional Violation
1963 Const. Art III, § 2 and Art. IV, § 1
Nondelegation Doctrine

66. Plaintiff incorporates by reference paragraphs 1 through 65 above as though fully stated herein.

67. Article III, § 2 of the Michigan Constitution of 1963 states: “No person exercising powers of one branch shall exercise powers properly belonging to another branch except as expressly provided in this constitution.” Article IV, § 1 of the Michigan Constitution of 1963 vests the state senate and house of representatives with legislative power.

68. Pursuant to Article III, § 2 and Article IV, § 1, the Michigan legislature is prohibited from delegating legislative powers, not only to executive branch agencies and officials, but also to private contractors.

69. When delegating rule-making authority to executive branch agencies and officials, the state legislature must articulate reasonably precise limiting standards to avoid the constitutional prohibition against the delegation of legislative powers.

70. On its face, the Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011 violates the prohibitions of Article III, § 2. The Act violates the nondelegation doctrine through provisions providing for consent agreements that, without a finding of a financial emergency and without reasonably precise limiting standards, permit the state treasurer to delegate sole discretionary legislative power to a local government’s chief administrative officer, the chief financial officer, or other executive officers of the local government. See MCL §141.1514a (9).

71. On its face, the Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011 violates the prohibitions of Article III, § 2 and the nondelegation

doctrine through provisions of the statute that, without reasonably precise limiting standards, delegate to emergency managers sole discretionary legislative power and authority to:

- a. Act for and in the place and stead of the local governing body of cities and villages over matters unrelated to the financial emergency and unrelated to the fiscal policies, practices, and circumstances of the local government. See provisions including but not limited to MCL §141.1515(4); §141.1517(1), §141.1519(1) (dd), (ee), and (ff) and §141.1519(2);
- b. Contravene, and thereby implicitly repeal, local laws such as city and village charters and ordinances; See provisions including but not limited to MCL §141.1517(1), §141.1519(1) (dd), (ee), and (ff) and §141.1519(2); and
- c. Explicitly repeal, amend, and enact local laws such as city and village ordinances. See provisions including but not limited to MCL §141.1519 (1) (dd).

WHEREFORE, Plaintiffs request that this Court order declaratory relief and declare that the Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011, MCL § 141.1501 *et seq.*, unconstitutionally delegates legislative power to the emergency manager, and that this Court provide injunctive relief restraining present and future emergency managers appointed under the Act from implementing or exercising authority and powers purportedly conveyed by §141.1514a (9), §141.1515(4), §141.1517(1), §141.1519(1) (dd), (ee), and (ff) and §141.1519(2).

COUNT II – Constitutional Violation
1963 Const. Art. IV, § 29
Local Acts

72. Plaintiff incorporates by reference paragraphs 1 through 71 above as though fully stated herein.

73. Article IV, §29, the Michigan Constitution of 1963 prohibits the state from enacting local acts “until approved by two-thirds of the members elected to and serving” in the state legislature and until approved “by a majority of the electors voting” in the affected district. The article further requires approval of a “majority of the members elected to and serving in each house” of the state legislature before a local act can be repealed.

74. City and village charters, adopted by local electors, and ordinances, adopted by local legislative bodies, are local laws – equivalent to local acts adopted by the state legislature.

75. On its face, the Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011 violates the prohibitions of Article IV, § 29. The Act violates the local acts clause through provisions providing for consent agreements, without a finding of a local financial emergency, that permit the state treasurer to delegate sole discretionary power to adopt local acts to a local government’s chief administrative officer, the chief financial officer, or other executive officers of the local government. See MCL §141.1514a (9).

76. On its face, the Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011 violates the prohibitions of Article IV, §29. The Act violates the local acts clause by delegating more power than the legislature possesses. The Act violates the clause by granting emergency managers sole discretionary power and authority to:

- a. Contravene, and thereby implicitly repeal, local laws such as city and village charters and ordinances; See provisions including but not limited to

MCL §141.1517(1), §141.1519(1) (dd), (ee), and (ff) and §141.1519(2);
and

- b. Explicitly repeal, amend, and enact local laws such as city and village ordinances. See provisions including but not limited to MCL §141.1519(1)(dd).

WHEREFORE, Plaintiffs request that this Court order declaratory relief and declare that the Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011, MCL § 141.1501 *et seq.*, violates Article IV, §29 of the Michigan Constitution, and that this Court provide injunctive relief restraining present and future emergency managers appointed under the Act from implementing or exercising authority and powers purportedly conveyed by §141.1514a (9), §141.1517(1), §141.1519(1) (dd), (ee), and (ff) and §141.1519(2).

COUNT III – Constitutional Violation
1963 Const. Art. VII, § 22
Electors’ Right to Form Charter

77. Plaintiff incorporates by reference paragraphs 1 through 76 above as though fully stated herein.

78. The Michigan Constitution of 1963 at Article VII, §22 vests city and village electors with exclusive power to “frame, adopt and amend its charter, and to amend an existing charter of the city or village heretofore granted or enacted by the legislature for the government of the city or village.”

79. Once a city or village is incorporated and so long as it continues to exist, its charter constitutes local law that is required to be followed by all public officials, the local governing body, and all persons within the local government’s jurisdiction.

80. On its face, the Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011 violates the prohibitions of Article VII, § 22. The Act violates the rights of local electors through provisions providing for consent agreements that, without a finding of a local financial emergency, permit the state treasurer to delegate sole discretionary power to a local government's chief administrative officer, the chief financial officer, or other executive officers of the local government to contravene, and thereby effectively suspend and/or implicitly repeal, the provisions of city and village charters. See MCL §141.1514a (9).

81. On its face, the Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011 violates local electors' rights as vested by Article VII, §22. The Act violates the local electors' charter clause by granting emergency managers sole discretionary power and authority to:

- a. Contravene, and thereby effectively suspend and/or implicitly repeal, the provisions of city and village charters. See provisions including but not limited to MCL §141.1515(4), §141.1517(1), §141.1519(1) (dd), (ee), and (ff) and §141.1519(2).

WHEREFORE, Plaintiffs request that this Court order declaratory relief and declare that the Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011, MCL § 141.1501 *et seq.*, violates Article VII, §22 of the Michigan Constitution and that this Court provide injunctive relief restraining present and future emergency managers appointed under the Act from implementing or exercising authority and powers purportedly conveyed by §141.1514a (9), §141.1515(4), §141.1517(1), §141.1519(1) (dd), (ee), and (ff) and §141.1519(2).

COUNT IV – Constitutional Violation
1963 Const. Art. I, §§ 17 & 23 and Art. VII, §§ 21, 22 & 34
Electors Rights to Republican Form of Local Government and
to Elect Local Government Officials

82. Plaintiff incorporates by reference paragraphs 1 through 81 above as though fully stated herein.

83. The Michigan Constitution of 1963 at Article I, § 17 provides that no person shall be deprived of liberty or property without due process of law. The Constitution's due process clause protects the rights of persons to both procedural and substantive due process.

84. Michigan's due process clause requires that local governments observe procedural due process during the repeal of local charter provisions and during the repeal, amendment, and adoption of local ordinances.

85. Michigan's due process clause protects local citizens' substantive due process rights to a republican form of local government and to choose the officials of local government by democratic elections throughout the time that corporate body of local government remains in existence.

86. The Michigan Constitution of 1963 at Article I, § 23 recognizes and protects rights retained by the people of the state of Michigan. The retained rights of the people include a right to a republican form of local government and to choose the officials of local government by democratic elections throughout the time that corporate body of local government remains in existence.

87. The Michigan Constitution of 1963 at Article VII, §§ 21, 22 & 34 establishes the rights of the people of the state of Michigan to local government. Michigan citizens' right to local government inherently vests citizens with a right to a republican form of local government

and a right to choose the officials of local government by democratic elections throughout the time that corporate body of local government remains in existence.

88. On its face, the Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011 violates Article I, §§ 17 & 23 and Article VII, §§ 21, 22 & 34 of the Michigan Constitution of 1963. The Act violates the due process clause, the retained rights clause, and the inherent rights of the people by granting:

- a. The State Treasurer power, without the finding of a financial emergency, to delegate the sole discretionary powers and authorities of an emergency manager to a local government's chief administrative officer, the chief financial officer, or other executive officers of the local government; MCL §141.1514a (9);
- b. Emergency managers sole discretionary power and authority to act for and in the place and stead of the local governing body of cities and villages over matters unrelated to the financial emergency and unrelated to the fiscal policies, practices, and circumstances of the local government. See MCL §141.1515(4), §141.1517(1), §141.1519(1) (dd), (ee), and (ff) and §141.1519(2);
- c. Emergency managers sole discretionary power and authority to rule by decree over cities and villages on matters unrelated to the financial emergency and unrelated to the fiscal policies, practices, and circumstances of the local government through powers that permit the emergency manager to contravene, and thereby implicitly repeal, local laws such as city and village charters and ordinances and to explicitly

- repeal, amend, and enact local laws such as city and village ordinances. See provisions including but not limited to MCL §141.1515(4); §141.1517(1), §141.1519(1) (dd), (ee), and (ff) and §141.1519(2); and
- d. Emergency managers sole discretionary power and authority to overrule and supersede and assume all the powers and authority of the local governing body and of all local elected officials over matters unrelated to the financial emergency and unrelated to the fiscal policies, practices, and circumstances of the local government. See provisions including but not limited to MCL §141.1515(4); §141.1517(1), §141.1519(1) (dd), (ee), and (ff) and §141.1519(2).

WHEREFORE, Plaintiffs request that this Court order declaratory relief and declare that the Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011, MCL § 141.1501 *et seq.*, violates Article I, § 17 of the Michigan Constitution, and that this Court provide injunctive relief restraining present and future emergency managers appointed under the Act from implementing or exercising authority and powers purportedly conveyed by MCL §141.1514a (9), §141.1515(4), §141.1517(1), §141.1519(1) (dd), (ee), and (ff) and §141.1519(2).

COUNT V – Constitutional Violation
1963 Const. Art. IX, § 29
Headlee Amendment

89. Plaintiff incorporates by reference paragraphs 1 through 88 above as though fully stated herein.

90. In 1978, the Headlee Amendment to the Michigan Constitution of 1963 at Article IX, § 29 was enacted to prohibit the state from:

- a. Requiring a new activity or service by local government, unless a state appropriation is made and disbursed to pay for any necessary increased costs; and
- b. Enacting an increase in the level of any activity or service by units of local government beyond that required by existing law, unless a state appropriation is made and disbursed to pay for any necessary increased costs.

91. At the time that the Amendment was adopted in 1978, the state did not intervene in local financial emergencies, emergency managers were not appointed by the state, and local governments were not required to pay costs and fees related the appointment of emergency managers.

92. The Local Government and School District Fiscal Accountability Act, Act No. 4, Public Acts of 2011 violates Article IX, § 29 of the Michigan Constitution of 1963 by imposing new and increased activities upon local government without making an appropriation and disbursement to pay for necessary increased costs to local government.

93. New and increased activities imposed upon local government by the Act include, but are not limited to:

- a. Requiring the local government to pay the compensation, salary, benefits, and expenses of the Governor's appointed emergency manager. See MCL §141.1515(5)(e);
