<p>On the listed date, I r/r/r to 17951 Homer in regards to a phone threats complaint. Upon arrival, I was greeted by Investigator Tim Matouk out of Wayne Co. Prosecutor Kym Worthy's office. He stated he is investigating the Jane Bashara murder case out of Wayne Co., and he came over to speak with Lorraine (mother of Jane) today. He came to interview her because she had contact with the husband (Robert Bashara) over the phone on 5-12-12 after the Dateline program aired regarding the murder case. Tim stated after talking to Lorraine, she expressed to him that she was in fear of Robert because she feels that his character has changed.</p> <p>I spoke with Lorraine. She stated she watched the Dateline show and the interview on the show with Robert. She felt that she needed to call him regarding things he said about her daughter. She contacted him on 5-12-12 at 0930hrs, and spoke her mind to him. She told him to stop dragging her daughter's name through the mud, and to not bring her down to his level. She then hung up the phone. He called back twice trying to plead to her about his innocence. From talking with him, she felt that his responses given to the statements were not ordinary for him, and she felt he was aloof about the whole situation. She felt that even though he did not make any threatening statements to her, he still scared her. She thinks that he has changed mentally and he may be unstable enough to harm her. She is only drawing this conclusion from knowing how he acted before the incident till after the incident. She was advised by Tim Matouk to make a report so it could be on file.</p> <p>I advised her on the complaint number.</p>
