

July 13, 2017

Dear Media Member,

Most of you may have heard of my daughter, Chelsea Ellen Bruck, from Maybee, Michigan.

Chelsea went to a large Halloween party in October 2014 and never came home. She was found murdered in April 2015. An arrest was made in July 2016 and the murder trial took place in May 2017 with a guilty verdict.

Being a family of faith we believe there is a reason for everything, and the loss of our daughter/sister Chelsea comes with a very strong message from our Lord Jesus Christ. We live in a very fallen world and the amount of crime and violence is just getting worse. This is not the way our Lord and God intended us to live.

I do believe there is much more good in this world than bad because if I don't the devil is winning and I refuse to let him win in my life and the lives around me.

I wrote "Choices" on May 21, 2015 after our Lord Jesus Christ woke me every night for almost a week. I realize he wanted me to get up and write this down because I could not remember all of it when I woke in the morning.

"Choices" is a direct message from God that if we do not take care of each other and look out for each other the devil will continue to win and take over. Our lives and this World we live in are a privilege that was given to all of us but it can be taken away very quickly.

With this letter you are receiving a copy of the "Choices" card and a photo of Chelsea. I hope you will consider posting this on your Facebook and web pages and asking your readers and followers to share it. Also, please share with your sister stations and sister newspapers.

"Choices" is not just about one person disappearing, it is about all of us working together to stop crime and violence of all types.

Thank you,

Chelsea Ellen Bruck's Mom

Leanda
