

CONSTRUCTION ALERT

State Road (SR) 907/Alton Road
Alton Road Flyover Shutdown

FIN # 249911-1/3-52-01
Project Began: April 2013

UPCOMING WORK

Starting the night of Sunday, July 14, the **flyover bridge from eastbound MacArthur Causeway to northbound Alton Road will be closed continuously** while the contractor rebuilds the base of the bridge and replaces the guardrail along the flyover.

A detour will be established along Alton Road and 5 Street in order to guide drivers around the work. Drivers are encouraged to seek alternate routes. Bus service, business access and pedestrian access will be maintained at all times.

This work is currently scheduled through mid-August 2013. Please note this schedule may change due to weather or other unforeseen circumstances.

WHAT TO EXPECT

Motorists traveling east on the MacArthur Causeway who wish to travel north on Alton Road will have to:

- Continue east on 5 Street
- Turn north on Alton Road

Motorists traveling south on Alton Road who wish to travel east on 5 Street will have to:

- Turn east on 8 Street
- Turn south on Lenox Avenue
- Turn east on 5 Street

Motorists will be able to travel south on Alton Road to access westbound MacArthur Causeway.

Motorists south of 5 Street who are traveling north on Alton Road and wish to continue north will have to:

- Turn east on 4 Street
- Turn north on Lenox Avenue
- Turn west on 5 Street
- Turn north on Alton Road

Motorists south of 5 Street who are traveling north on Alton Road and wish to travel west on the MacArthur Causeway will have to:

- Turn east on 4 Street
- Turn north on Lenox Avenue
- Turn west on 5 Street
- Continue west on 5 Street to MacArthur Causeway

Motorists will not be able to cross east or west on Alton Road at 6 Street.

HELPFUL TIPS

- Allow extra time to reach your destination
- Obey all posted signs
- Please cross the street at the designated locations

ALWAYS PUT SAFETY FIRST

For your safety and the safety of others, please use caution when driving, walking or biking around any construction zone.

Wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

The department takes steps to reduce construction effects, but you might experience the following around the work site:

- Lane closures
- Vehicular and pedestrian detours
- Increased dust and noise
- Workers and equipment moving around the area
