We would like to thank the Justice System and every one for their support. We can not say all the names. There are too many and we don't know by name every one. We don't want to dissapoint any body.

We still need prayers, faith and support to over come the next trial, Mascatelos. IN order to start heling from this tragce lost. Taking Mr Gus Boulis away in that manner, that great men is not ease to over come.

He is greatly missed every day. Not only by his family and friends, also by the Greek's and other ethnicity's that tached their lives, and admired him. He was and is the example of the American dream.

MAY his memory be eternal.  
we missed him.
