Re: Harassment and Threats of Mr. Medina by Andrew Pollack

Below, please find a statement from Andrew Medina:

“Last night, I was coaching the baseball team that I have coached for many years. Completely unexpectedly, and without provocation, Andrew Pollack approached the field and began to scream in my direction. His name calling and demeaning language was frightening. He then proceeded to threaten me, and several people heard his words and menacing tone. I was extremely petrified, not only for myself but for the children and parents as well. Thankfully, the police were called to the scene, and Mr. Pollack was gone upon their arrival. This is not the first time in the past year that Mr. Pollack has sought to threaten, harass, and/or intimidate me. He has also been seen in my neighborhood for no reason other than to frighten me. As a result, after this incident, I was too fearful to return to my home. I have asked my attorneys to undertake efforts to protect me from Mr. Pollack’s threats and harassment. I understand that I am a party to litigation with Mr. Pollack, and I respect the judicial system. However, I want to be sure my family and I are protected.

In as much as I am aware of all the grieving and emotions that are currently exhibited in the Parkland and Coral Springs communities, I myself feel the same emotions. While I would like to tell my story today, due to the legal proceedings ongoing, my attorneys have advised me against it. Hopefully, in the near future, when all the evidence is out, my story will be told.

Andrew Medina”
