

**RON DeSANTIS**  
GOVERNOR

January 13, 2020

Dear Plan Holder:

Florida has been a nationwide leader in prepaid college planning for more than 30 years, and as a plan holder you will share in the rich legacy of savings that Florida Prepaid provides for Florida residents. Your choice to invest early at a lower cost in your child's future by enrolling in a Florida Prepaid College Plan will provide your child a pathway to attend a postsecondary institution, earn their degree and ultimately enter the workforce with the necessary knowledge and skills to succeed.

As a father of two children, with a third on the way, I understand the importance of saving for their future so they can graduate from a postsecondary institution without debt. As Governor, I am aware of the importance of providing families the opportunity to invest in their children and receive an affordable higher education. My administration has worked hard holding the line on tuition and we are starting to see our efforts pay off. I am pleased to inform you that you will be receiving either a cash refund or reduced Florida Prepaid College Plan payments. The enclosed materials have specific details regarding your refund and/or payment reduction.

By keeping the price of higher education affordable and creating an economy that allows the job market to expand, we are committed to the success of the state and all Floridians. That is why my Bolder, Brighter, Better Future Budget will continue to halt the steep rise of tuition. I will continue to support and promote initiatives that reduce the burden on students and their families as they pursue a higher education.

Every child should be allowed the opportunity to realize their dreams and develop their God-given talent. By providing this opportunity, you are setting the framework for your child's future that will afford them the ability to prosper and begin their desired career.

I would like to congratulate you on this decision to provide for the future of your family and of our great state.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ron DeSantis".

Ron DeSantis  
Governor
