Narrative								

On 9/24/11 at 1600 hours I, Officer Scott Morris and other members of the Boulder Police Department's Target Crime Team participated in an undercover operation in the 1000-1100 block of the bicycle path adjacent to 1100 Mt. Laurel in the City of Boulder Colorado. The operation was supervised by Sgt. G. LeFebre and involved Officers Mark Niedzielski, Officer Scott Morris and Officer Ashly Flynn. The operation was conducted in response to a series of indecent exposure incidents that had been first reported to the police department on 9/20/11 and 9/22/11 (Boulder Police Report numbers 11-12223 & 11-12336). In each of those reported events a male suspect approached female victims on the bicycle path and did so with his penis exposed and hanging out of the fly of his shorts. The suspect was described in 11-12223 as a white male in his early twenties wearing blue and white plaid shorts black shirt having average height and weight. He was unshaven wearing glasses and flip-flop type sandals. In 11-12336 the suspect was described as being a Caucasian male twenty to thirty years old with a light complexion and a slight build approximately six feet tall. The suspect had short dark brown or black hair and was clean shaven. This victim described the suspect as wearing aviator type sunglasses and a gray or black tee shirt,

BOULDER POLICE DEPARTMENT**Narrative**

white blue and green plaid shorts and sandals.

All officers were in plain clothes in vehicles, on foot and on bicycle. Officer Flynn was dressed in athletic apparel to appear as if she was jogging on the bicycle path. Officer Morris was trailing behind Officer Flynn on a bicycle in the event that the suspect approached her. Officer Niedzielski and Sergeant LeFebre were in unmarked vehicles also to assist with contact with the suspect and to manage the operation. On 9/23/11 during an identical operation Officer Niedzielski observed a male closely matching the suspects' description in the area of the bicycle path on foot. Before Officer Niedzielski could make contact the suspect disappeared in the area of Broadway and Mt. Laurel.

At approximately 1610 hours Officer Niedzielski radioed to the surveillance team that a male matching the suspect's description had entered a home just north of the bicycle path. Officer Niedzielski indicated that the suspect was wearing the same shorts as the following day but had on a darker shirt. Officer Niedzielski was able to determine that the suspect entered a private residence with an address of [REDACTED] Place, in the City of Boulder. Once that address had been identified we placed Officer Flynn close to that location in order to try and coax the suspect out of the home. While Officer Flynn made several passes on the bicycle path south of the residence she noted that the appearance of the blinds in the home seemed to change. On one occasion the blinds were open and on her second pass the blinds were drawn. Officer Flynn's presence outside the home did not lure the suspect out and as such Sgt. LeFebre arranged to have uniformed patrol officers contact and identify the occupants of the Orange Street address.

While team members waited for patrol officers to arrive the same male suspect was observed by Officer Niedzielski exit the rear of the residence, now wearing the aviator sunglasses, and walk toward a fence that separated the property from Broadway on the other side. The suspect utilized a gate to access Broadway and was contacted by all team members at the RTD bus stop in the 3800 block of north Broadway. The suspect was cooperative and identified himself as Davison with a Colorado driver's license. Davison told officers that he lived with his mother at the Orange Place address. Sergeant LeFebre asked Davison if he (Davison) knew why the police might be contacting him and Davison stated "yea I think so." Davison next volunteered that he had been "exposing himself recently on the bike path". Based on this statement Davison was placed under arrest by Officer Morris at 1651 hours and patrol officer Logue arrived and took custody of him. Prior to leaving the scene Davison verbally expressed an interest in speaking further with police and as such arrangements were made to conduct a more formal interview at the police department.

Davison was transported to the Boulder Police Detective Section interview room #1 by Officer Logue. At that time Officer Morris conducted an in-depth interview with Davison. Davison signed an advisement waiver form and indicated verbally that he understood his rights per Miranda advisement provided by Officer Morris. The interview was audio/video recorded. The following is an abbreviated synopsis of that interview:

Officer Morris conducted this interview at 1730 hours on 9/24/11. Davison was asked about the circumstances that led to his arrest on 09/24/11 and provided insight into his behaviors specific to the events reported in the aforementioned case reports. Davison indicated that he has been walking the bicycle paths near his Orange street residence for approximately two weeks now (dating back to approximately 9/10/11) and has done so with his penis exposed the majority of the time. Davison told Officer Morris that he began experimenting with public nudity in the backyard of his residence during the summer. Davison would read books while in the yard and gradually had the urge to do so with less and less clothing on. Davison stated that he first took his shirt off and eventually was reading in the yard only covered by a towel. Davison stated that he enjoyed the feeling of being "in the sun" with less and less clothing on.

Davison worked up to being comfortable outside in the rear yard of his residence fully nude, however he used lawn chairs to shield himself from the general public's view. Davison specifically described taking the steps necessary to prevent himself from being seen by members of the public. These steps were necessary as the yard is only fenced on the east side adjacent to Broadway.

Davison next described the transition from remaining hidden in the back yard to walking the bicycle path exposing his genitals. Davison first began to walk the bicycle path from his residence west to the intersection of the path and Wonderland Hill Road. He told Officer Morris that he first ventured out with the fly in his shorts open exposing

BOULDER POLICE DEPARTMENT**Narrative**

his boxer-shorts. In short order Davison eliminated the boxer-shorts and walked the path with his bare penis exposed. Davison stated that he did not know why he felt compelled to behave this way and that no particular event precipitated his new activity. Davison told Officer Morris that he would feel aroused as a result of women seeing his penis (throughout this entire period he limited his exposures to females on the bicycle path) as he passed them which would at times result in his having an erection. Davison indicated that he did not "feel the need" to masturbate while outside but would do so at home following and afternoon of repeated exposures to females.

Throughout the interview Davison made it clear that he did not have or seek any physical contact with the victims and no words were exchanged. When asked Davison did not feel compelled to step up his activities into touching or violence during the interview. Davison specifically recalls walking the bicycle path and exposing himself to females on the dates and times reported in 11-12223 & 11-12336. Davison stated that toward the end of this week he was walking the path four to five times a day repeating the aforementioned behaviors. Davison stated on several occasions that he wanted to quit "but could not" and knew that something "would have to happen to make him quit." When asked he described this arrest as such an event.

Davison stated that he would conduct his walks on the path around lunch at the earliest and around seven PM at the latest. When asked Davison estimated that during the past two weeks he has exposed himself to "somewhere around 60-70 females".

Davison described the events leading to this arrest as follows: He was returning from a walk when Officer Niedzielski noted him entering the residence on 09/24/11. Davison admitted to observing Officer Flynn on the bicycle path approximately fifteen minutes prior to his arrest. Davison looked at Officer Flynn through the windows in the house that Flynn reported observing changes in the condition of the blinds. Davison intended to exit his residence and attempt to intersect Officer Flynn using his standard methods but did not for two reasons, the first being that Officer Flynn walked onto Broadway which is an area Davison tried to avoid due to the amount of traffic.

The second reason was Davison's intention to meet his mother and father for dinner at a downtown Boulder location this evening. Davison was contacted and arrested while attempting to leave for that meeting on the bus.

Davison admitted to wearing a dark colored shirt during the time Officer Niedzielski observed him and had the shirt with him at the time of his arrest.

When asked about other criminal activities Davison stated the following: He recently moved back to Boulder from the Miami area where he has a girlfriend. Davison reports having a healthy sexual relationship with her. Davison did not admit to any similar behavior in Miami. Davison told Officer Morris that his activities in Boulder have been limited to the area surrounding his residence venturing no further east than 19th Street, north to Quince, west to Wonderland Hill and south past Mt. Laurel. Prior to his arrest Davison did not masturbate after first observing Officer Flynn and due to his mentioned time constraints did not pursue her any further.

Davison was candid and cooperative during the interview process. Officer Morris retained possession of Davison's aviator glasses to be placed into evidence. Officer Logue transported Davison to the Boulder County Jail where he was lodged per this narrative on two counts of indecent exposure. This case is cleared by arrest and detectives have been notified in regard to locating additional victims. Officer Morris lodged Davison on two counts of indecent exposure for both reported incidents (11-12223 & 11-12336).
