The first male was about 6 feet tall, slim built and wearing a white shirt & tan pants and the second suspect was also about 6 feet tall, slim built with blonde hair. The two males entered and grabbed 3 boxes near the entrance. The 3 boxes contained a Phantom 4 Drone \$1399.99, Phantom 3 Drone \$799.99 and an empty display box. The suspects then immediately ran out of the store with the merchandise. Chris and Jacob chased the males east to a 90's gold Honda Accord with a female driver waiting. The suspects dropped the box containing the Phantom 3 Drone and drove away eastbound.

Chris said the vehicle had a temp tag in the upper left corner; partial numbers of NY or N2. Chris mentioned the same thing occurred at their Littleton location.

Customer/witness Timothy Gander DOB 06/13/94 said he was pulling into the park when he saw Jacob and Chris running after the suspects. Timothy stated the vehicle almost hit his truck. Timothy said the female driver was in her early twenties, brown hair and had a piercing between her upper lip and nose.
