Sir / Ms:

Please accept this letter, attached resume, professional references and position paper as application for the position of Chief of Police for the City and County of Denver. I have read the job description and am certain that my exceptional experience of thirty-two years with the Denver Police Department makes me an excellent match for the job.

I have a strong belief in providing outstanding customer service to everyone I serve, victims, community, visitors, city officials, officers, and businesses alike. I hold my department accountable to this same level of service. I utilize management by walking around, getting out of the office and meeting the people I am working with on their ground. I believe in being available to both the community and police employees with an open-door policy to meet that need. I have been involved in community policing throughout my career and fully believe it is not a single person, but a top down management approach to make it successful.

I am a firm believer of transparency and openness to the community and have been very successful in practicing this in all the assignments I have held. I have a strong work ethic and focus on getting the job done and making sure it is done right. Long work hours do not bother me if that is what it takes to complete a task.

I am looking forward to taking on the next challenge in my law enforcement career. I believe the Chief of Police position in Denver is an excellent opportunity to bring deep experience, knowledge and best practices learned from every aspect of a career with a complex city Police Department.

The attached resume only addresses a small portion of my experience. If you have any questions or care to discuss my qualifications further, please do not hesitate to contact me.

Thank you in advance for your time spent in reviewing this information. I look forward to speaking to you soon.

Sincerely yours,

Ronald R. Saunier
