The Livingston County Animal Shelter invites everyone to come down to the shelter's showroom to check out all the latest models of certified, pre-owned cats waiting to be driven off the lot into their new homes.

We have all makes and models that can be adopted for the low, low price of \$60. All cats are quality tested, a five point health inspection, new cat smell and a 100,000 purr warranty. Made in Michigan.

All cats are spayed or neutered, are current on shots, negative FELV/FIV tested, dewormed and micro-chipped.
